25ft Serial RS232 DB9 Cable with Low Profile Connectors M/F - In-Wall CMG-Rated **SKU: CG52161**

Audio/Video installations in educational and commercial settings often require in-wall rated cable. Our CMG-rated line was specifically engineered to meet this requirement while overcoming common challenges faced by installers in these environments. Low-Profile connectors (1.25 in total depth) save valuable space in the gang box, while the rounded shape accommodates smaller monitor mounts so that the cable can be easily hidden from view.

Specifically designed to support RS-232/Serial communications, this cable is fully shielded to prevent unwanted EMI/RFI interference. The fully molded cable design delivers excellent strain relief, while connector thumbscrews provide a quick and easy connection every time.

The transmit and receive signals are crossed to ensure proper data transmission.

CMG-rated cables meet with many NEC requirements for Communications Cables - General Purpose In Wall Use . Our cables meet the following ratings: CMG, FT4 (Canada)

Additional Technical Specifications
Low Profile Connector Length: 1.25 in.
Rounded Connector fits 1.25 in. I.D. mounts
28 AWG CMG cable can be used as a substitute when the following cables ratings are specified:
CM
CL3
CL2
CMX
CL3X
CL2X Always check with your local authority on building requirements to verify cable requirements before beginning any installation.

Specifications

Dimensions & Measurements

Cable Length	7.62 m (25 ft)
Shipping Weight	0.08 kg (0.2 lbs)
Wire Gauge	28

Characteristics & Features

Application	• Commercial • Industrial • Residential
Cable Type	Serial
Color	Black
Connector 1	(1) DB9 Male
Connector 2	(1) DB9 Female
Jacket Application	In-Wall Rated
Jacket Rating	• CMG Rated • FT4 Rated
Product Type	Cable
TAA Compliant	No

Certifications & Warranties

Certifications	• NDAA 889 • Prop 65 • REACH • RoHS • TSCA
Jacket Material	PVC
Warranty	Lifetime
