Ortronics

RCA module (black insulator), Keystone, 110 termination, Fog White

Part No. KSRCAB

TechChoice keystone jacks and modules feature an easy-to-follow universal wiring label and support standard termination using a 110-impact tool. The keystone footprint allows for the greatest flexibility in installation scheduling because its rear insertion into the faceplate allows the technician to complete the termination before and during the construction process.

Features & Benefits

110 termination for use with category-rated UTP cable

Insert is available in different colors for application identification
