Optimum Flexibility. Increased Security. Ultimate Productivity.

Maximize productivity and security with the ultimate hybrid quad-display docking station. This USB-C® Hybrid/Universal 4K Quad Docking Station with 100W PD and Fingerprint ID connects up to four 4K UHD monitors or a single 8K monitor and dual 4K UHD monitors. Designed for ultimate compatibility, it supports both DP Alt Mode and DisplayLink® technologies ensuring it's fully compatible with Windows, macOS, and other major operating systems.*

For optimal security – ensuring the right users are accessing the right devices – DOCK720 incorporates a bio-authentication fingerprint reader** into the power button for a convenient and secure way to power-up the device and authenticate directly through it.
