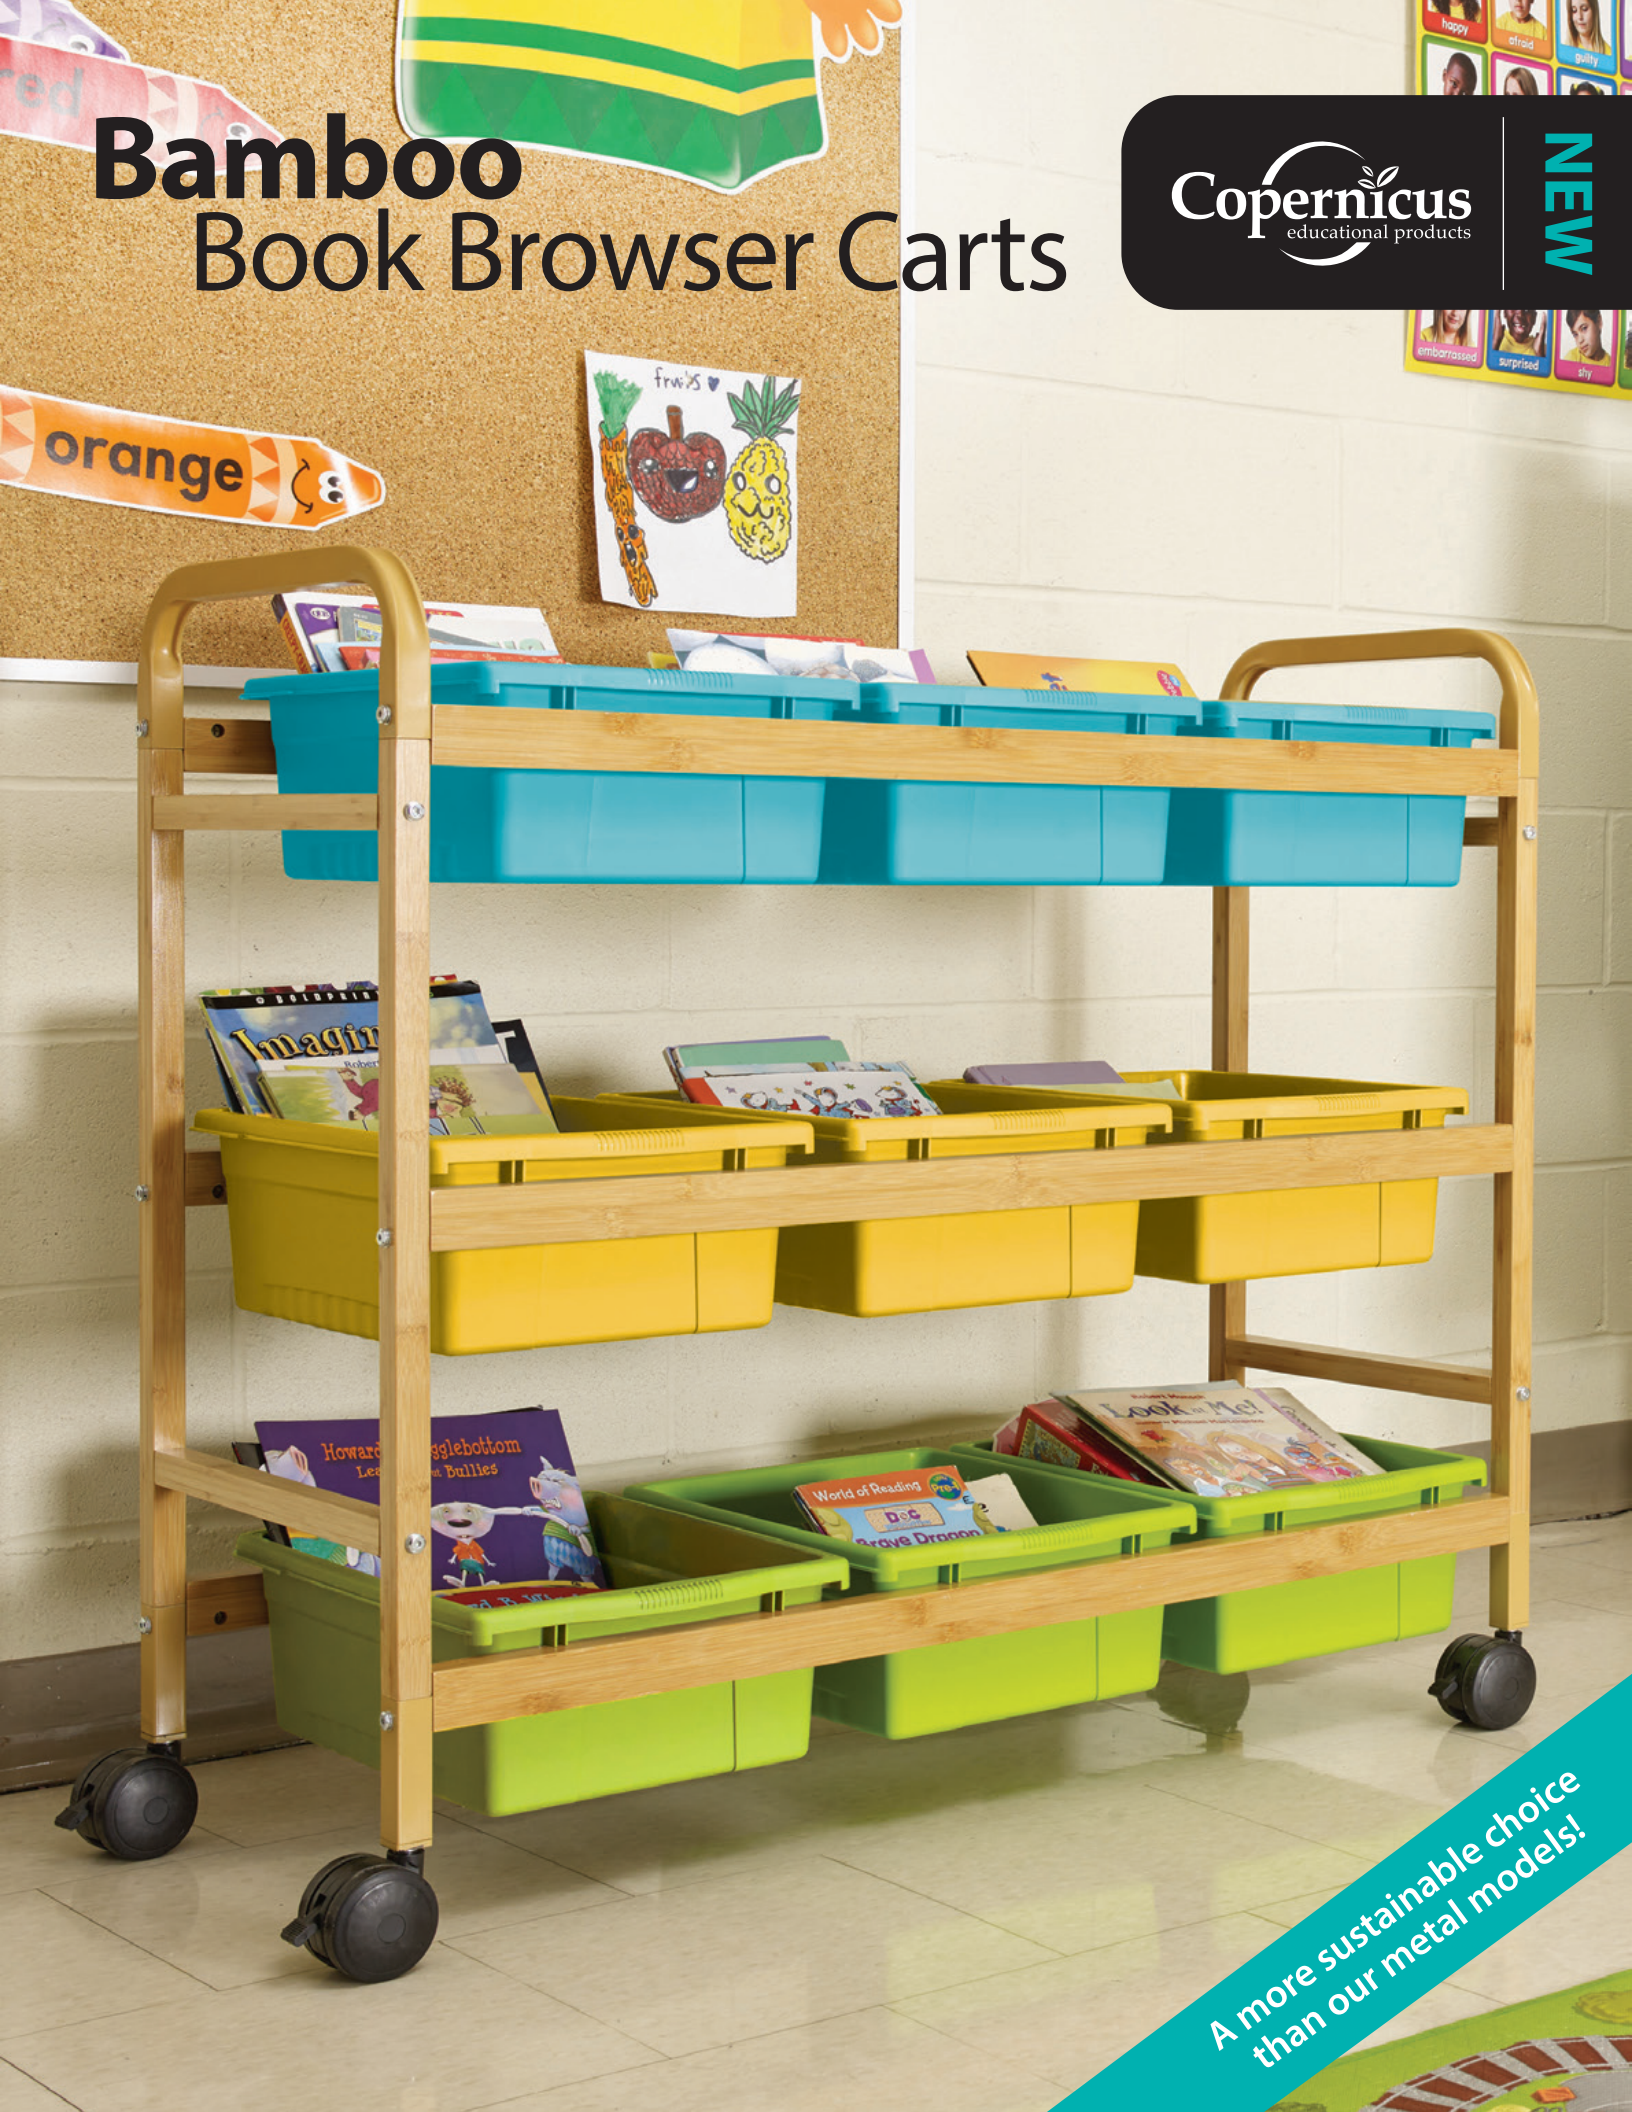
NEW



A more sustainable choice than our metal models!

NEW Bamboo Book Browser Cart with Nine Tubs

This cart has a natural aesthetic better suited for neutral and early childhood environments. It is a more sustainable choice than our metal models because it has a smaller carbon footprint. Bamboo is a renewable resource that grows quickly and sequesters carbon, unlike steel which produces carbon. This cart can be used as a mobile in-class library or for makerspace materials and tools. It holds up to 90 lbs, the tubs can be removed from the cart and are available in five different color combinations.

Features:
- Sturdy frame that can hold up to 90lbs
- Nine Large Open Tubs.
  - Colored tubs made with 25% recycled plastic
  - Black tubs are made with 100% recycled post-consumer plastic
- 3" Locking casters
- Tubs can be easily labeled (labels not included)

Dimensions:
37 ½" H x 41" W x 16" D
