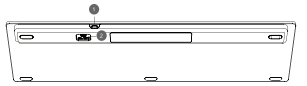
㉘	Capslock | BT 2 Status
㉙	Battery | BT 3 Status

Powering on your Keyboard



1. Connect the keyboard's USB-C Port ① to a power source to charge it.
2. Toggle the Power Switch ② to the "ON" position.

Switching Between Devices

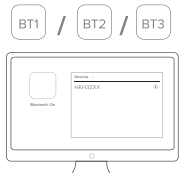
Hush can be paired to three devices, but can only connect to one at a time. Press BT1/BT2/BT3 to switch your keyboard between different devices you've already connected.

Note: If you hold the buttons down for a few seconds, your device will enter pairing mode instead of just switching to previously paired devices.

Adjusting Hush's Backlight

Press Hush's backlight key ㉓ to toggle its white light between 33%/66%/100% brightness and turn it off. The keyboard's battery will last significantly longer with the backlight disabled.

Pairing your Keyboard



1. Navigate to your device's Bluetooth menu:
   - Mac/iPad: Open Settings then click "Bluetooth".
   - Windows: Open Settings then click "Devices" then "Bluetooth & devices" then "Add Device".
2. On your keyboard, hold either the BT1/BT2/BT3 button until Hush's relevant status LED in the top right flashes.
3. Select "HKH3Z" in your device's Bluetooth menu to connect.

Note: This keyboard cannot be used over a wired connection, it must be connected to your device via wirelessly.

Mac and Windows Modes

Hush can be switched between its Mac and Windows keyboard layouts by pressing the following keyboard shortcuts. These modes determine the layout of Hush's system keys (Control, Command, etc.) as well the function of its shortcuts.
Windows: Fn + Numpad *
Mac: Fn + Numpad

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Declaración de Cumplimiento FCC

Este dispositivo cumple con la Parte 15 de las reglas de la FCC. El funcionamiento está sujeto a las dos condiciones siguientes:

(1) Este dispositivo puede no causar interferencias perjudiciales y
(2) Este dispositivo debe aceptar cualquier interferencia recibida, incluidas las interferencias que puedan causar un funcionamiento no deseado.

NOTA: Cambios o modificaciones no aprobados expresamente por la parte responsable del cumplimiento pueden invalidar la autoridad del usuario para operar el equipo.
