## Color Flatbed Scanner

*The high-speed, 11" X 17" color scanner for departments and workgroups.*

A high-speed, large-format scanner, the EPSON GT-30000 brings bright, brilliant colors and convenient flexibility to your busy department or workgroup. Scanning images at up to 30 ppm, it delivers clean, sharp text and professional image quality. With 600 x 1200 dpi resolution and 36-bit color depth, it produces impressive detail and rich, vivid colors. Plus, it provides accurate color reproductions and minimum noise via our exclusive ColorTrue® Imaging System.

With the built-in 11.7" x 17" duplex Automatic Document Feeder (ADF), quickly scan up to 100 pages in a single batch, including single or double-sided originals. Or, using the 11.7" x 17" flatbed scanning area to scan a variety of documents in nearly any size including books, bound reports, and fragile originals. A fast, reliable way to input material for electronic document distribution and storage, the built-in ADF facilitates unattended operation for maximum productivity. Both ISIS and TWAIN drivers are included for additional flexibility.

Designed to integrate speed with high-quality output, this innovative scanner brings quality, performance, and flexibility to busy departments and workgroups. And, with automatic document size recognition, operation is simple and efficient. Ideal for document imaging, digital copying, and desktop publishing applications, it's the complete scanning solution. Offering a host of high-performance features and reliable service and support, the EPSON GT-30000 has one of the highest price/performance ratios in its category—along with the high-quality color scanning capability you've come to expect from Epson.

### Key Features

#### 11.7" x 17" scanning area

Captures most any document in a single scan, including bound reports, magazine spreads, and fragile originals

#### 600 x 1200 dpi resolution and 36-bit color

Delivers clear, sharp text and outstanding color and grayscale image quality

#### High-speed 30 ppm scanning (15 ppm for color images)

Speeds through documents with accuracy and detail: letter-sized monochrome up to 30 ppm, color up to 15 ppm (landscape at 300 dpi, draft mode)

#### Flatbed and duplex Automatic Document Feeder capability (100-page capacity)

Scans single and double-sided documents; facilitates multipage scans and unattended operation for increased productivity

#### Advanced image-enhancement with the EPSON ColorTrue Imaging System

Utilizes a sophisticated integration of quality hardware and software for accurate color reproduction and minimum noise

#### Automatic document size recognition

Eliminates the need to preset document settings prior to each scan, saving time and offering easy, more efficient operation

#### Networkable via Epson software (included)

Allows an entire workgroup to share a single scanner
