

# DoubleSight Wide Screen LCD Displays

**DS-245W**  
Enhancing your view

Experience the future of LCD Monitors today with the latest release from DoubleSight Displays. Whether for Home or Office, Graphic Design to Games, the new DS-245W Series Wide Screen LCD Monitors provide sharp, crystal clear images and fast response times which make them well suited for even the most demanding applications. The DS-245W Series is HDCP (High-bandwidth Digital Content Protection) capable to ensure that you are able to view the latest DRM (Digital Right Management) protected entertainment and media. A true asset to the Desk Top, this monitor features a truly ergonomic stand which is fully adjustable for Height, Tilt and Swivel. The DS-240WB also includes a unique 90 degree Pivot function providing a portrait versus landscape view. Pivot Software is included. Features include 1920 x 1200 resolution, 1000:1 Contrast Ratio(3000:1 with Dynamic Contrast) and a fast 6 msec refresh rate, graphic OSD controls, 4 convenient USB ports, built in speakers, DVI and VGA inputs and 3 year Limited Warranty.
