high quality results

**Versatile** Customise to meet the  
specific needs of your business,  
including upgrading it to a full  
colour MFP

Colour Laser Printer

**LEXMARK**<sup>TM</sup>

## Welcome to the future of workgroup printing

Colour is the future of office printing, and now Lexmark has provided the key to the future. Two new laser printers, that deliver the performance, functionality and cost advantages of a workgroup mono laser printer, with the added advantage of colour. From memos and business reports to eye-catching catalogues, Lexmark's C780n and C782n laser printers give you everything you need to leverage the many benefits that colour can bring to the office. So now you can combine your mono and colour printers into one, versatile and reliable device.

### Serious performance for high-volume printing

Robust and reliable, the Lexmark C780n and C782n come network-ready and integrate seamlessly into your existing network environment. In virtually no time at all you'll be set up and running through your heaviest print jobs at record speeds! Besides their competitive time to first page, both printers are incredibly fast. In fact, the C782n can reach up to 38 ppm in mono and 33 ppm in colour. So you can reduce the wait and get your documents in your hands faster.

### Leverage the power of colour

And while performance is crucial for the workgroup printer of the future, it's quality colour that demands the attention and produces the results. With our newly enhanced toner and long-term colour-science expertise, the results speak for themselves: crisp, professional-looking text, rich flesh tones and consistent images every time, from first page to last. Ensure the Lexmark C780n and C782n provide you with the power to communicate the key messages and represent your business in the best light.

### Easier than ever to manage

What better way to boost productivity than by offering your employees a simple and secure new way of working? These printers are remarkably simple at every level, from set-up to maintenance. The front-loading consumables take just seconds to replace, while the intuitive operator panel coaches your end-users through printing and maintenance tasks with ease. And thanks to the cutting-edge security features with convenient numeric pad, you're always ensured true confidential printing.

### No worries – colour costs are under control!

The benefits of colour are widely recognised, however until now, they have come at price. However, the Lexmark C780n and C782n were designed to put you in total control of colour costs. In addition to high-yield cartridges and a low cost per page, both printers come equipped with Lexmark's unique ColorCare technology, a complete range of colour-cost-control tools. This includes convenient budget-friendly features, such as user-specific colour-print-permission settings, which let you limit which users can print in colour based on their specific job functions.

### Getting the 'right fit'

In addition to ensuring you keep the costs of printing in colour to a minimum, Lexmark has also focused on making sure productivity is maximised. Lexmark's Right Fit range of product options gives you the ability to customise the Lexmark C782n to meet the specific requirements of every individual workgroup in your organisation. You can choose from document stapling, high capacity envelope feeding, separated output for individual users to minimise wastage, or a full upgrade to print, copy, fax and scan multifunction, using Lexmark's X4600 MFP option. Further to this, the Lexmark C780 series supports printing on UV and water resistant media (ideal for outdoor or 'wet area' signage and mapping), long-life vinyl labels, multi-part forms, pharmaceutical labels and for medical imaging purposes.

### Lexmark's guarantee to you

At Lexmark, the goal is to ensure you achieve maximum productivity, and minimum downtime and cost of ownership. The Lexmark C780 and C782 are supported by Lexmark's comprehensive on-site warranty. In addition to the standard on-site support, you can choose from a wide range of flexible service options built specifically to meet your businesses unique needs.

## Technical Specifications

<b>Print technology</b>	Colour Laser
<b>Print speed</b>	C780n: Mono 33ppm, Colour 29ppm C782n: Mono 38ppm, Colour 33ppm
<b>Time to first page</b>	Mono: <11 seconds, Colour: 13 seconds
<b>Processor</b>	800 MHz
<b>Memory</b>	Standard: 256 MB, Maximum: 768 MB
<b>Resolution</b>	Black: 1200 x 1200 dpi, 2400 Colour Quality
<b>Duty cycle</b>	120,000 pages per month
<b>Expandable memory options</b>	256 MB, 512 MB
<b>Emulation</b>	PostScript Level 3 Emulation, PCL 6 Emulation, PDF v1.5
<b>Operating Systems Supported</b>	Microsoft Windows: 2000, NT, ME, XP, Server 2003, 98 2nd Edition, XP Professional x64 Novell Netware: 3.2, 4.2, 5.x and 6.x, Microsoft Vista UNIX: Sun Solaris 7, 8, 9, 10, HP-UX 11.00, 11.11, IBM AIX 5.1, 5.2, 5.3 Linux: Red Hat Linux 7.3, 8.0, 9.0, other systems Mac OS: 9.x, X IBM: AS/400 Systems
<b>Paper Handling</b>	Standard: 500-Sheet Input Tray, 100-Sheet MPF, 250-Sheet Output Bin, Optional: 500-Sheet Drawer, 2000-Sheet Drawer
<b>Paper Input Capacity</b>	Standard: 500 pages, Maximum: 2100 pages
<b>Paper Output Capacity</b>	Standard: 250 pages, Maximum: 1000 pages
<b>Finishing Option</b>	5-Bin Mailbox, Lexmark StapleSmart Finisher, Output Expander * Supported on the C782n only
<b>Number of Paper Inputs</b>	Standard: 2, Maximum: 5
<b>Media Supported</b>	Banner paper, Transparencies, Glossy Paper, labels, Plain Paper, Envelopes, Card Stock
<b>Media Sizes Supported</b>	A4, A5, Executive, Folio, JIS-B5, Legal, Letter, Universal, Envelope, 10, B5, DL
<b>Media weights Supported</b>	60 - 300 g/m2 Vinyl labels. *Refer to CardStock and Label guide for full reference
<b>Standard ports</b>	Ethernet 10/100, USB 2.0
<b>Optional network ports</b>	Ethernet 10/100/1000, FibreOptic, Wireless G, USB 2.0
<b>Optional adapter</b>	Coax/Twinax Adapter for SCS, External Ethernet 10/100BaseTX, External Token-Ring, Internal Ethernet 10/100BaseTX, Internal Fiber 100Basefx, Lexmark N4000e for Ethernet 10/100BaseTX, Lexmark N4050e 802.11g Wireless Print Server, Internal Gigabit Ethernet, Internal 802.11g Wireless
<b>Security Features</b>	Secure Management with MarkVision Professional, Secure Network Communications, Confidential Print, PrintCryption, Digitally Signed Firmware Update Files, Encryption for Optional Internal Hard Disk Drives, Operator Panel Menu Lockout, Printing Lockout, Secure Socket Layer
<b>Product guarantee</b>	Two Years OnSite Warranty <sup>1</sup>
<b>Size (H x W x D)</b>	528 x 604 x 470 mm
<b>Weight</b>	68 kg
<b>Acoustics</b>	30 dB(A) ready, 53 dB(A) printing
<b>Product certifications</b>	FCC Class B, UL 60950-1, U.S. FDA, IEC 60320-1, CAN/CSA-C22.2 60950-00, ICES Class B, CE Class B, CB IEC 60320, IEC 60825-1, GS (TÜV), SEMKO, UL AR, CS, TÜV R, ACA C-tick mark Class B, BSMI Class B, CCC Class B, EK, MIC
<b>Specified operating environment</b>	Temperature: 15.6 to 32.2° C (60 to 90° F), Humidity: 8 to 80% Relative Humidity, Altitude: 0 - 3048 meters (10,000 ft.)
<b>Part numbers</b>	C780n - 10Z0286, C780dn - 10Z0287 & C780dtn - 10Z0288 C782n - 10Z0186, C782dn - 10Z0187 & C782dtn 10Z0188
<b>Supplies</b>	C780n - Ships with 6K pages CMYK C782n - Ships with 10K pages CMYK - 6K pages CMYK standard yield print cartridges – C- C780A1CG, M- C780A1MG, Y- C780A1YG, K-C780A1KG - 10 K pages CMYK high yield print cartridges – C-C780H1CG, M- C780H1MG, Y- C780H1YG, K-C780H1KG - 15 K pages CMYK extra high yield print cartridges – C-C782X1CG, M- C782X1MG, Y- C782X1YG, K-C782X1YG - 180K Mono/50K Colour Waste Toner Bottle - 10B3100

Lexmark supports the environment by reducing paper wastage. As one of the many environmental initiatives Lexmark does not pre-print brochures.

In Australia Lexmark partners with Planet Ark to collect and recycle toner and ink cartridges. Visit [www.lexmark.com.au](http://www.lexmark.com.au) for more details.

<sup>1</sup>Local warranty conditions apply. For further details please contact your nearest Lexmark office.
