# The Lexington Lectern

The Lexington Lectern is customizable with premium sound, light, finish and cutout options. Available in floor, stacking and tabletop models, all offer an over-sized reading surface, heavy duty industrial casters for easy mobility and the 25" and 32" models offer a spacious storage shelf. Floor models are available in a 25", 32" and a 42" ADA Lectern model with electric height adjustment. The 25" Stacking model converts from a full size floor lectern to a tabletop model with its own matching projection stand with built-in electrical receptacle and casters. All models, with the exception of the 42" ADA Lectern, incorporate a high intensity reading light and LED digital clock/timer with countdown capability.
