Colour — Colour Scan Capability

FTP SMB — Scan to FTP server / SMB Folder (PDF, JPEG or TIFF)

DIGITAL — Digital Answering System Total recording time : About 30 min.

Multiple Handsets Up To 6*

* Requires Optional Cordless Handset.

Not just an All-in-One Unit, but a Multi Communicatio

The KX-MB2061 is a new-concept multifunction printer. This next generation MFP offers Print, Copy, Scan and Fax capability as well as many new state of the art features, such as a built-in telephone answering system and standard cordless telephone system with DECT technology (supports up to 6 handsets).

• Saving Office Space
## Multifunctional "9-in-1"

Almost all the equipment needed by a small office is combined into this single machine. It gives you 24 ppm high-speed printing and 24 cpm copying, network colour scanning, Super G3 faxing, networking, a digital cordless telephone, an intercom, a telephone, and a digital answering machine. Naturally, this saves office space to make your business more efficient.

• Cutting Office Costs
Built-in DECT Phone System

Panasonic's DECT comes as standard equipment, so there's no more need to purchase a separate cordless phone. Up to six phones can be added, so everyone in the office can install a cordless phone at their own desk and use it as an extension line. In addition to reducing costs, the high quality of Panasonic's DECT phone gives you business conversations with great, clear sound.

• Stay in Touch Even While You're Away from the Office
Remote Voice and
Fax Management System

Utilising the power of the Internet, users can have their voice messages and received fax documents automatically forwarded to Email. Great for mobile users, the KX-MB2061 is able to convert received voice messages into a standard .wav file and received fax documents into PDF format, both of which are accessible on most Smartphones.*1

*1 Audio can be played by devices that support the .wav file format (μ-Law). This is not a guarantee that the audio can be played on all smartphones and cell phones.

More Excellent Features!

Data Merge and Print
Easy Print Utility

The Easy Print Utility lets you merge and print files created with different applications. You can check the file on a PC before printing, or edit it by rearranging pages or changing them to a 2-in-1 or even a 16-in-1 format. You can also add a header, footer or watermark before printing. After editing, you can save the image as a PDF file. This greatly reduces the number of trial prints and misprints.

Word, Excel®, PowerPoint®, PDF, JPEG etc.

Excel data

Merge Print data and Edit Layout

Printout

Network

Diverse Copy Layout Editing
Convenient Copy Functions

Quick ID Copy

Copy both sides of one or more ID or business cards consecutively, and then print onto a single page in the 2-in-1, 4-in-1 or 8-in-1 format. This reduces paper consumption and simplifies information management.

■ Both-side printed card

Card Front

Card Back

8 in 1

Image Repeat

Copy one original and print it repeatedly on a single page in the 2-in-1, 4-in-1 or 8-in-1 format. This makes it easy to produce items like tickets.

Card Front

8 in 1

Easy Scanning
Network Colour Scanner Function

Documents can be easily scanned into a PC in colour. Scanned data can also be sent in the appropriate data format directly to the bundled OCR software on a PC, to easily convert it to editable text without requiring any PC operation. Scanned data can also be saved to a Windows share folder or an FTP server, without using a PC, and then sent by Email.

Reducing Unnecessary Printouts
Incoming Fax Web Preview Function*

You can read the faxes you receive on a PC first, and then decide whether you want to print them, save them to the PC, or delete them. This previewing ability minimises wasteful printouts.

* LAN connection only

2 Fax messages are viewed on the PC and unneeded faxes are deleted.

3 Printout or Deletion

1 Notification of fax reception is sent to the PC.

Specifications

Model	KX-MB2061JTB

General	
Printing Process	Laser
Paper Handling	Letter / Legal *1 / A4 / B5 (JIS) / B5 (ISO) / 16K / 216 x 330 mm *1 / 216 x 340 mm *1
Paper Capacity	250 sheets + 1 sheet manual input tray
Automatic Document Feeder	Yes (20 sheets)
LCD Display	16 digits / 2 lines
Memory Size	32 MB
Warm Up Time	Less than 13 sec. from Power Off *2
Standby acoustic emission	Less than 32 dBA *3
Noise level (Copying)	Less than 61 dBA *3

Printer	
Print Speed	Up to 24 ppm
Print Resolution	600 x 600 dpi
First Print Time (from Power save mode / from Standby)	Less than 24 sec. *4 / Less than 11 sec. *4
Emulation	GDI
Supported OS	Microsoft® Windows® 2000 / XP / 7 / Windows Vista®, Mac OS® X 10.3-10.6 *5, Linux® *5

Copier	
Copy Speed *7	Up to 24 cpm
Copy Resolution	Up to 600 x 600 dpi
First Copy Time (ADF / Scanner Glass)	Less than 12 sec. *2 / Less than 16 sec. *2
Multi-Copy	99 pages
Reduction / Enlargement	25% - 400% (1% step)
