

CMP-350

RC-350

Introduction

■ Model Number: RC-350

Cooler Master introduces a great value combination, case plus power supply with the CMP 350. The mid tower case has a spacious interior, great for system upgrades. The superior airflow design with front, side and rear ventilation keeps the system running cool. It is powered with a quality 350W, 400W or 500W power supply, with life-time of 100,000 hrs and protection for OVP and OPP.
