

# Projecting wherever you go

## 3M™ PocketProjector MP160.

For people presenting on the move.

Plug in to your digital media device and instantly share video, photo, and presentations with friends, colleagues and business associates.

- **Brighter:** Powerful 30-lumen projection at higher (SVGA 800 x 600) resolution helps maintain impressive image quality.
- **Mains-free:** MP160 offers an impressive full 2 hours continuous projection between recharges.
- **Louder:** Updated dual 1.5 Watt integral speakers for improved audio performance.
- **Simple:** Connects easily to almost any laptop or video device for simple, quick presentations and image sharing.
- **Large:** Projects video and 'still' content up to 80" diagonal image size.
- **Versatile:** Ideal for meetings, sales pitches and impromptu business presentations – even just for fun.
- **Compact:** At just 150x65mm the MP160 is an easy-to-carry travelling companion.

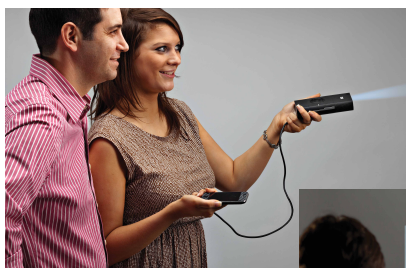

Want to share content with colleagues and friends? It's as easy as **one, two, three.**

**1** Take from [ pocket ]

**2** Connect to [ mobile/laptop/MP4 & more ]

**3** Project [ presentations ]  
[ video ]
