CHAIRS THAT FIT EVERY
PERSON, JOB, AND SPACE
IN YOUR OFFICE

Ignition Fits Who You Are

Employees come in all shapes and sizes, and Ignition supports virtually every one of them. Three back sizes, with proportionally scaled seat sizes, allow Ignition to fit body types from the 5th to the 95th percentile.

BACK OPTIONS

High-, mid-, and low-back options provide contoured support for a wide range of users.

BACK-HEIGHT ADJUSTMENT

The back adjusts to six vertical positions to provide lumbar support in just the right spot for people of all shapes and sizes.

BACK MATERIALS

All backs are available fully upholstered; mid- and low-backs may be specified in a breathable black mesh.

SEAT SIZE

Nothing about Ignition is one-size-fits-all; seats are scaled in proportion to the back sizes.

BIG TO SMALL

Ignition fits people from the 5th to the 95th percentile to support everyone in your office in comfort and style.

START-UP TO EXPANSION

Whether you're launching a new business or renovating an existing office, Ignition can provide your all-in-one seating solution. Ignition's fully coordinated line also makes it easy to add seating as you add employees.

Ignition Fits How You Work

Some jobs require get-up-and-go. Others call for sit-down-and-stay. Ignition lets you mix and match adjustment features to support the way work gets done in your office. Two arm options and three control options let you customize chairs that support everything from quick collaborations to long periods of computer use.

COLLABORATING TO COMPUTING

Three control options and two arm styles let you create the chairs you need to support everything from casual to intensive use.
