JABRA UC VOICE 550 SERIES

CLASSIC AND COMFORTABLE UC HEADSET FOR PROFESSIONAL USE

The Jabra UC Voice 550 Series headset is designed for the office professional that needs exceptional sound quality and reliability for UC voice and multimedia applications. Its padded headband and leatherette ear cushions are designed for comfort on long calls while its crystal clear wideband audio and Noise Canceling microphone deliver outstanding call sound quality.

EASY TO DEPLOY AND OPERATE

The Jabra UC Voice 550 headset is certified and optimized for use with all major UC platforms, is USB plug-and-play ready, and features simple call control through the in-line switch on the cord. All this equals stress-free deployment and fast user uptake.

CRYSTAL CLEAR SOUND

The Jabra UC Voice 550 headset features crystal clear wide-band sound and HD Voice for voice calls and multimedia while the Noise Canceling microphone filters out ambient noise.

FLEXIBLE BOOM ARM TIP FOR OPTIMAL POSITIONING

The Jabra UC Voice 550 headset's flexible boom arm allows you to position the microphone ideally for optimal voice clarity.

DESIGNED FOR COMFORT

The Jabra UC Voice 550 headset is designed for maximum comfort with soft leatherette padding on the headband and ear cushions.

JABRA UC VOICE 550 SERIES PRODUCT BENEFITS

Crystal Clear Sound

Digital Signal Processing for clearer sound

Clear sound is essential for a good conversation not to mention call efficiency and accuracy. Digital Signal Processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

HD Voice – Wideband Audio

High quality audio for crystal clear conversations

Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get life-like, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

HiFi Sound

Enjoy flawless sound quality

Immerse yourself in music with HiFi Sound. Listen to flawless music reproduction across the entire audible frequency range.

Jabra Software Applications

Easy device configuration and softphone integration

Customize and control your audio device settings with Jabra's software applications. You get full integration and remote call control with the latest generation of softphones.

Noise Canceling Microphone

Reduces unwanted background noise

Noise canceling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

PeakStop™

Safe sound and superior hearing protection

PeakStop technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

Remote Asset Management

Remote mass deployment and device management

Configure and implement the company's audio devices 100% remotely from one central point. You get the latest features and functionalities on one go with Jabra Xpress, a web-based solution. You can also get a complete overview of all Jabra audio devices installed in the IT network with Jabra Xpress' asset management component.

Remote Call Control

Seamless integration between your phone and headset

Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.

Talk in Comfort

Be kind to your ears

Assure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

UC Plug-And-Play

Plug-and-play with all leading UC platforms

Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, leaving you free from any installation expertise or extensive training requirement.
