**INTRODUCING THE NEW
PT-VW330 SERIES PROJECTORS**

- 3,000 – 4,000 lumens of brightness
- Compact and lightweight design
- 5,000-hour long-life lamp
- 6,000-hour air filter replacement cycle

The new Panasonic PT-VW330 Series projectors offer mobility and high brightness in a compact form-factor. Designed to support a wide range of applications, they are lightweight and affordable, perfect for those looking for a portable and eco-friendly solution. With these Panasonic projectors, you can expect superb performance, quiet operation and, with intelligent lamp control, minimal environmental impact. Dependable and easy to use, the PT-VW330 Series projectors are ideal for corporate conference rooms, training rooms and classrooms.
