GENERAL

Print speed:	SP 5210DN:	50ppm
Warm-up time:	SP 5210DN:	29 sec or less
First print speed:	7.5 sec or less	
Duplex:	Automatic	
Dimensions (WxDxH):	411 x 435 x 400mm	
Weight:	less than 23kg	
Power source:	220-240v, 50/60Hz	
Power consumption:	Max:	1,400W or less
	Energy saver:	5W or less

CONTROLLER

Processor:	533Mhz
Resolution:	up to 1,200 x 600 dpi
Memory:	SP 5210DN: 768MB (Std)
HDD:	80GB (Std for SP 5210DN)
Printer language:	PCL5e/6, PostScript 3, IPDS(Option)

CONNECTIVITY

Interface:	Ethernet 10BASE-T/100BASE-TX/, USB 2.0
Network protocol:	TCP/IP (IPv4, IPv6), IPX/SPX, Bonjour
Supported environments:	Windows XP
	Windows Vista
	Windows Server 2003
	Windows Server 2008 (32bit, 64bit)
	Windows 7
	MacOS (v8.6 or later)
	Novell Netware (v6.5 or later)

PAPER HANDLING

Paper input capacity:	Std:	550 sheets
	Bypass:	100 sheets
	Max:	2,850 sheets
Paper output capacity:	up to 500 sheets	
Paper size:	A4 - B6	
Paper weight:	Std/Opt:	52 - 220g/m^2
	Bypass:	52 - 220g/m^2
	Duplex:	60 - 163g/m^2

CONSUMABLES

Toner:	Black:	25,000[1] prints

OTHER OPTIONS

550 sheet paper tray[2]
550 sheet paper tray with caster[2]
IPDS option
Netware print option
IEEE 802.11a/g interface unit
Gigabit Ethernet Board
IEEE 1284 Interface Unit
256MB/512MB memory option

[1] Toner yield measurement is based on ISO/IEC 19752
[2] Please consult your local Ricoh supplier for configuration options

Ricoh has designed these products to meet EC ENERGY STAR guidelines for energy efficiency.
For availability of models, options and software, please consult your local Ricoh supplier.

User-friendly, eco-friendly and cost-efficient, our printers support the print needs of busy offices on a budget. You enjoy impressive print speeds, automatic duplexing, excellent paper handling and the latest security features. For larger workgroups, our space-saving designs can expand from desktop models to five-tray floor-standing powerhouses. Benefits include:

- High speed to maximise productivity.
- Easy to operate.
- Built-in data security.
- Time-saving installation.
- Lower Total Cost of Ownership (TCO).

Innovative multifunctionality

BOOST YOUR PRODUCTIVITY

The fast CPU processor ensures our printer sprint into action. It takes 7.5 seconds to first-page print out and print is at continuous speeds of 45/50 ppm. Easy paper handling saves time and helps make office life easier. The impressive 650 sheet paper capacity can also be expanded to 2850 maximum capacity to enhance productivity even further.
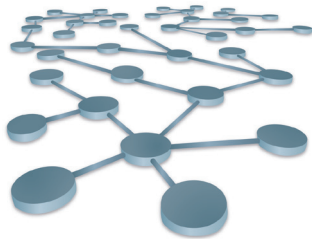

CREATE SPACE AND REDUCE EFFORT

Our printer can expand from a desktop to a high-capacity floor standing model to maximise valuable workspace in a small office. Set-up and operation are simple and straightforward. The devices automatically detect paper size and handle paper weights from 52g/m² up to 220g/m². The bright 4-line LCD panels clearly display information, including toner status, for ease of use.

PROTECT CONFIDENTIAL DATA

A full suite of standard and optional security tools keep your data safe. For example, hard copies won't print until a PIN is entered. Printer use can also be restricted to approved groups or individuals. In addition, watermarks can be embedded in the media to prevent unauthorised copying.

ID: XXXXXX

MAKE THE BEST CONNECTIONS

The device provides easy connection to your network with simple, time-saving driver installation. Full @Remote provides real-time remote support for performance monitoring and diagnosis management to boost efficiency. While our genuine IPDS™ streamlines your print workflow for smooth document handling and low management costs.

REDUCE YOUR COSTS

Our printers are designed to minimise TCO. Easy to operate and maintain, their high duty cycle puts them at your service whenever you need them. Duplex printing is automatic, saving paper. You can also control print volumes to prevent over-use and save on cost.

PROTECT THE ENVIRONMENT

Sustainability is a strong part of our heritage, touching every part of our company, from manufacturing to distribution, business sites to recycling. Maximising efficiency is a firm commitment, and our printers are both Energy Star and BAM compliant. Duplex printing, quota management, AIO toners and low power consumption also help to save energy and expense.
