Canon

Business never looked better in black-and-white.

Big impact, small size.

Now you can ensure your business communications create a big impression – with only a little effort. Both the Canon iR1020/1024 series and imageRUNNER 2500 series combine the capabilities of many devices into small space-saving multifunctional units, giving you affordable and reliable high quality printing, scanning, copying and sending.

Do more for less.

This compact, affordable range of black-and-white multifunctional devices (MFDs) combines highly productive core functions – Print, Copy, Scan and Send – with a low cost of ownership.

This versatile range is ideal for individuals, small teams and the most demanding workgroups. It provides for everyday black-and-white printing, copying, colour scanning and advanced send direct to email and the network. Together with rapid responsiveness, class-leading energy efficiency as well as automatic double-sided printing, these devices will save you time, money and energy.

Enhance your productivity with Colour i-Send*.

Colour i-Send increases productivity and transforms business processes allowing users to quickly and efficiently scan in colour straight to a variety of destinations, including network folders, FTP sites and email addresses.

Why use Colour i-Send?

- Time saving: send to multiple destinations and destination types in one go
- Enhanced quality: documents can be sent in colour, an improvement over traditional fax transmission
- Increased flexibility as documents can be emailed directly from the device
- Quick and reliable: both Internet and traditional phone lines can be used
- Cost and space efficient
- Cost-effective: no more expensive courier bills
- Trouble-free sending direct to email: email addresses can be automatically retrieved from Active Directory**

* i-Send available on selected models

** Available on imageRUNNER 2500 series only

Less waiting – be more productive.

Deliver print and copies in seconds with up to 45ppm print speed†, 3.9 seconds†† first copy out time and excellent responsiveness, even from sleep mode.

Canon reliability and peace of mind.

While these black-and-white multifunctional printers (MFPs) offer consistent quality and reliable operation, there is a range of service and support options to keep your business running.

Canon's world class service offers extra peace of mind, providing you with expert installation, training and on-site service to pre-determined Service Level Agreements (SLAs). And, with click charging, you pay only for what you print, which helps you gain greater control of costs.

Canon iR1020/1024 series – Compact A4 productivity.

Sitting comfortably on your desk, Canon iR1020/24 printers will help you print, copy and fax desktop communications quickly in black-and-white, plus you can scan and send in colour too.

Entry level pricing, high quality A4 printing.

Fast, effective, productive.

Canon iR1020/24 printers meet the specific requirements of small businesses or workgroups needing compact and cost-effective all-in-one printing. You can print 20-24ppm and also scan and send* information directly from the device in a variety of formats. 1,100-sheet** maximum paper capacity minimises interruptions.

Save space.

A compact footprint means you don't have to use valuable floor or desktop space for different pieces of office equipment, you get everything you need in one space-saving device.

Save energy and paper.

As part of Canon's commitment to reducing environmental impact, these models automatically go into energy-saving sleep mode when the device is not in use – and can power back up in seconds as soon as they are needed.

Power consumption in sleep mode: as low as 5W.

Double-sided printing as standard saves paper and even more money.

iR1020

- Print/copy at up to 20ppm
- Sits comfortably on your desk
- Scan colour documents

iR1024A

- Print/copy at up to 24ppm
- Duplex Automatic Document Feeder (DADF)
- Scan colour documents

iR1024F

- Print/copy/fax at up to 24ppm
- DADF
- Built-in modem for fast faxing
- Store up to 200 fax numbers
- Scan colour documents

* i-Send available iR1024i & iR1024iF

** Including optional paper cassette

Why buy Canon Genuine consumables?

Only Canon Genuine consumables can guarantee optimal device performance and the highest quality output.

C-EXV18 Toner

Business has never looked better in black-and-white – especially with our genuine toner.

iR1024i

- Print /copy/scan/send at up to 24ppm
- DADF
- Scan colour documents
- Email scanned documents directly to recipient
- Printer Control Language (PCL) printing

iR1024iF

- Print /copy/scan/fax/send at up to 24ppm
- DADF
- Scan colour documents
- Email scanned documents directly to recipient
- PCL printing

This model doesn't include optional cassette as standard

Greater workgroup productivity from a single user-friendly multifunctional device.

imageRUNNER 2500 series.

- Simple and easy-to-use with high-quality touch screen
- Print, Scan, Copy and Send* direct to network folders or email
- Highly responsive – rapid recovery from sleep mode and 3.9 second first copy out time**
- Low cost of ownership
- Suitable for busy workgroups – up to 2,300 maximum sheet paper capacity
- Save energy and paper – consumes as little as 1.5 watts in sleep mode. Automatic double-sided output as standard
- Seamless integration with your existing systems – through PCL and optional PS support
- Convenient internal staple and collate finishing option
- Remotely manage and monitor with iWMC

Simple and versatile.

All models are easy-to-use, thanks to the high-quality 5.7 inch/ 14.47 cm touch-screen display and intuitive menu. Digital sending* direct to email is quick and simple with automatic retrieval of email addresses from Active Directory. Canon's high quality, high compression PDF file format is the perfect lightweight solution for enabling digital documents to be emailed and shared easily.

Speed and capacity.

There's no time lost with output at up to 45ppm** and exceptional responsiveness to deliver even large print jobs with ease. A compact, robust design, with up to 2,300 sheet maximum paper capacity, makes these black-and-white printers great for busy, small workgroups.

Easy management.

All devices in the range can be easily connected to your network, so you can take advantage of iWMC that enables you to manage and monitor your whole fleet from a single point. Department ID management safeguards important settings and helps monitor and control printing costs.

Added convenience.

With Scan to USB* you have a fast and convenient way to scan direct to a memory stick without using a PC. Automatic inner finishing options, including stapling and collation, also save time and increase productivity.

Low environmental impact.

Class-leading energy efficiency – these models consume as little as 1.5 watts in sleep mode, while Canon's patented technology provides exceptional responsiveness, even from sleep.

Power consumption in sleep mode: as low as 1.5W.

* Standard on i models, optional on non-i models

** imageRUNNER 2535/i, 2545/i models

Canon imageRUNNER 2500 series – get your message across in style.

The Canon imageRUNNER 2500 series includes 10 models with a variety of speeds and configurations to meet the requirements of busy, small-to-medium-sized workgroups. From fast everyday black-and-white printing to advanced digital sending – all can be handled by a single device.
