Mounting Pedestals, Cradles, Holders,
Docks, and Accessories for:

Tablet Computers and eReaders

Smartphones & Mobile Phones

GPS & Portable Navigation Devices

Digital Cameras & Video Recorders

www.arkon.com

New products, technologies, and opportunities in 2012

After 20 years in the mounting accessories business you might think it would get boring. But with a constant supply of new devices to hold, mount, and carry, it never does.

Our first mounting solution was a portable CD / cassette player car mount with an integrated FM transmitter. After that, a progression of mobile technologies (Cell Phones > Palm Pilots > Pocket PCs > Satellite Radios > Portable Navigation Devices > Smartphones > Tablet Computers) fueled a growing demand for mounts and holders.

The recent success of tablet computers and digital video cameras presents new mounting opportunities for Arkon and its customers. The mounting business, previously focused primarily on the inside of a car, now seems to have limitless boundaries outside of the vehicle as mobile devices are being used in the home, on planes, boats, bikes, snowmobiles, and on the body.

Tablet computers are also finding commercial applications and Arkon has responded with a wide assortment of heavy-duty aluminum universal tablet mounts. All told, there are 72 new products in this year's catalog.

Arkon's engineering team remains focused on developing innovative accessories and welcomes new ideas and project submissions from inventors, consumers, dealers, and OEM customers.

All of us at Arkon would like to thank our customers for the opportunity to partner with you year after year. Have a wonderful and prosperous 2012.

Paul Brassard
Founder & CEO

Partnering with ARKON®

There are many advantages to partnering with Arkon.

- Offering patented and patent-pending, award-winning products
- Innovating in the consumer electronics industry for more than 20 years
- Servicing diverse customers with our multi-lingual, global staff
- Complying with RoHS, WEES, and REACH environmental standards
- Employing our knowledge of industry patents and prior art
- Providing custom fit and universal mounting solutions
- Conducting rigorous product testing and documentation
- Utilizing the highest quality materials
- Offering rapid ABS prototyping
- Striving for ongoing innovation

ISO 9001:2000 Certified

Testing and Certification Partners:

TABLET ACCESSORIES AND ENTERPRISE SOLUTIONS

MHIP200
MyHandstand™ Swivel Hand Holder for Apple iPad 2

MHIP100
MyHandstand™ Swivel Hand Holder for Apple iPad

The MyHandstand for Apple iPad and iPad 2 features an integrated TPU skin and swivel hand holder system. Using a hand shaped holder and hook and loop strap, the iPad can be fastened with a secure fit for extended use. Rotates 360° and attaches to Arkon's dual T mounting pattern products.

NEW
MHKM200
MyHandstand™ Knee Mount for Pilots
Fits Apple iPad 2

MHKM100
MyHandstand™ Knee Mount for Pilots
Fits Apple iPad Original

In 2011, the U.S. Federal Aviation Administration (FAA) approved the use of Apple's iPad tablet for use in cockpits. Arkon's MyHandstand Knee Mount allows the pilot to hold the iPad on the top of their knee or thigh without the risk of it falling while in flight. MyHandstand features a durable smoke-colored protective TPU skin attached to a plastic swivel holder and leg strap.

IPM-TAB1
IPM-TAB1-R (in Retail Blister)
Portable Desktop or Travel Stand for Tablet Computers

- Folded Size: 7" x 1" x 1"
- Weight: 2.9 oz.

An exceedingly travel-friendly tablet computer stand designed for use with nearly all lightweight tablets. The compact design is perfect for travel on planes, trains, etc.

NEW COMING SOON

SuperCharge™ iPhone® Docking Mount

Gone are the days when the iPhone® required assistance from a GPS receiver integrated mount for maximum performance. Beginning with the iPhone® 4, 4S, and subsequent models, the GPS on the iPhone® performs brilliantly by itself. Arkon's SuperCharge™ iPhone® Docking Mount supplies continuous power to the iPhone®. Compatible with all iPhone® models including 4S, 4, 3G, 3GS, iPhone original, and iPod® touch. Designed to fit small, medium, and large sized protective cases or sleeves.

Includes:

- Advanced Suction Windshield Mounting Pedestal
- Circular Adhesive Dashboard Mounting Disc
- iPhone Dock with Car Charger

NEW COMING SOON

Phone-PRO™ Series Universal Mounts

Arkon introduces Phone-PRO™, the industry's most versatile universal smartphone and mobile phone holder. Phone-PRO™ features vertically adjustable side grip arms designed to prevent unintentional pressing of volume control buttons or the blocking of power ports on either side of the phone. Fits most phones up to 4.3" screen size.

- SM710 - Windshield / Dashboard / Vent Mount
- SM712 - Friction Dashboard / Windshield Mount
- SM714 - Deluxe Mini Windshield / Dashboard Mount
- SM715 - Mini Windshield / Dashboard Mount
- SM716 - Adhesive or Screw Dashboard Mount
- SM721 - Lighter Socket with Dongle Mount
- SM721-MICRO - Lighter Socket with Micro USB Charge Mount
- SM723-G - Cup Holder Mount
- SM728 - 1" Multi Angle Adhesive or Screw Dashboard Mount
- SM729-SBH - Removable Air Vent Mount
- SM732 - Bicycle / Motorcycle Handlebar Mount
- SM788 - 18" Seat Rail / Floor Mount

NEW COMING SOON

Induction Charging Mounts

Arkon introduces the world's first induction charging car mount for smartphones. This solution combines the elegance of a universal holder with proprietary integrated wireless induction charging technology.

Custom fit protective charging sleeves will be offered for many of the top selling smartphones. Works with Qi compatible accessories. Those devices enabled with Qi do not require the device specific adapter sleeve. A wireless charging pad for the home will also be available.

Unlike other popular wireless charging systems, Arkon's induction mount will not interfere with the built-in compass feature on the iPhone as this particular charging technology does not utilize magnets.

FLAT SURFACE SUCTION MOUNTS | VEHICLE SPECIFIC MOUNTS

FS SERIES MOUNTS

Arkon's "FS" (Flat Surface) series suction mounts install to most desktops, dashboards, windows, walls, airplane seat trays, countertops, cabinets, tables, fiberglass surfaces on boats, and nearly all other flat semi-porous surfaces.

Though the unique polyurethane suction pad feels sticky to the touch, the super strong suction does not leave any marks or residue on the flat mounting surface. The suction cup may lose performance over time due to a build up of dust on the sticky surface. When this happens, lightly wash the suction cup with liquid soap to recharge it like new.

SM478
Mega Grip Flat Surface Mount for Smartphones

NEW

SM578
Slim-Grip® Flat Surface Mount for Smartphones

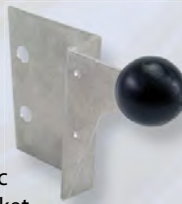

NEW

TAB178
Slim-Grip® Flat Surface Mount for Tablets

Vehicle-specific mounts (VSMs) are the mounting bracket of choice for professional installers. They provide a low-profile, unobtrusive, secure connection to the car's dashboard (via existing screw holes inside the dashboard).

Arkon offers a complete line of Vehicle Specific Mounts for tablets, smartphones, and GPS. Check with your Arkon representative for more details.

Vehicle-Specific Mounting Bracket
(Varies by bundle, see website for compatibility)

UNIVERSAL AND DEVICE SPECIFIC HOLDERS

SM050-2

SM050-HPB-2

Long legs included

SM050-2 - Slim-Grip® Universal Cell Phone Holder. Included in Arkon SM5xx and IPM5xx bundles.

SM050-HPB-2 - Slim-Grip® Universal Cell Phone Holder with High-Gloss Finish. Only used in the Arkon SM515 and IPM515 bundles.

Holder height: 3.2" (82mm)
Max. extension: 4.6" (118.5 mm)
Holder height, long legs: 3.8" (98mm)
Max. extended, long legs: 5.2" (133 mm)

Ideal for use with most non-flip, smartphones with or without protective skins or cases.

MG001 - Mobile Grip Universal Phone Holder. Included in Arkon MGxx bundles.

Holder depth: .62" (17mm)

MOUNTING PEDESTALS - 4-HOLE AMPS PATTERN

The 4-hole AMPS pattern is an industry standard configuration designed for semi-permanent connection rather than quick release. It consists of four holes located in a rectangular pattern spaced at 1.188" by 1.813". Many universal and device-specific holders offered by third-party mounting manufacturers are compatible with the 4-hole AMPS pattern. It is also the standard on Sirius® brand portable satellite radios.

ARKON RETAIL, PRIVATE LABEL, AND OEM SERVICES

Arkon offers retail packaged options for most of its top selling products and partners with multiple factories specializing in the design and manufacturing of high-impact retail packaging. See below for existing packaged bundles. More will be introduced in 2012.

Localize an assortment of Arkon mounts with private label or co-branded custom packaging. Design your own printed insert card for use with Arkon's popular universal clamshell (5K MOQ). Or, submit your own custom packaging request ranging from low-end to complex clamshell, blister, and printed box packaging. With multiple packaging resources, Arkon can accommodate nearly any request.
