PRODUCT

C5-Series and F5-Series Carry Sleeve

BENEFITS

Encompassing black case

Shoulder strap

Integrated easel

Integrated hand strap

Easily travel with the C5-Series and F5-Series Tablet PCs with the comfortable shoulder strap

Integrated easel for working or viewing on flat surfaces

Simple zip-bottom to snap the EasyConnect Modules

The F5v is the rugged, highly mobile, field tool for point-of-service computing that integrates key technologies, now with better performance, more battery life and Intel® Core™ vPro™ processors.

The C5v is the industry's first Mobile Clinical Assistant, now offering superior security and performance for demanding healthcare environments with Intel® Core™ vPro™ processors.

The **C5-Series and F5-Series Carry Sleeve** provides users who are in the field or on their feet all day a comfortable and convenient way to transport and use their C5-Series and F5-Series Tablet PCs. The case provides extra protection while the shoulder strap provides a variety of carry options.

The integrated easel also enables users to easily stand the C5-Series and F5-Series Tablet PCs for working or viewing on flat surfaces.

The Carry Sleeve has an opening at the bottom which allows users to use the EasyConnect USB/Ethernet or EasyConnect Magnetic Stripe Reader module.

Dimensions: 10.5 in x 10.25 in x 1.5 in
