IRISCard™ Corporate 5

You make business, it takes it to the Cloud!

Full mobility is the word! The IRISCard™ Corporate 5 is a professional and multi-user solution enabling on-the-go users to easily capture information from their business contacts when away from their computer. Ideal for today's mobile lifestyle, it turns contact management into a child's play.

The business card is simply zipped through the cordless, battery-powered scanner, and the scanned image is then either saved in the built-in memory, on an SD™ card or on a standard USB key. Once back in the office simply insert the SD™ card into your computer, and the scanned business cards are automatically processed by the Cardiris™ Corporate software and exported to the Cloud (Salesforce™, Google™ Contacts), Microsoft® Dynamics CRM (online and offline), Outlook®, ACT!®, etc.

Key features

Mobile business card scanner
- Cordless, battery-powered and very lightweight. No computer needed to scan.
- Scan up to 800 business cards per hour.
- Directly save JPEG file to SD™ card, standard USB key or internal memory (512MB).
- Free SD™ card on demand (voucher) / Free 1-year Evernote® Premium voucher (worth 49 $).
- iPad® compatible (with SD™ card adaptor for iPad®, not included in the box).

Cardiris™ Corporate software included. The Cloud is not the limit!
- All your scanned business cards are automatically retyped.
- Powerful duplicates management tool.
- Export your contacts to the Cloud (Salesforce™, Google™ Contacts), Microsoft® Dynamics CRM (online & offline), Outlook®, Act!® and many more.
- Recognize business cards from 218 different countries.
