

## **HDMI® to VGA Video Adapter Converter with Audio for Desktop PC / Laptop / Ultrabook - 1920x1200**

*StarTech ID: HD2VGAA*

The HD2VGAA HDMI® to VGA Video Adapter with Audio allows for seamless conversion from a digital HDMI® source to an analog VGA destination.

This HDMI® to VGA and Audio converter is the perfect solution for converting an HDMI® signal to work with any VGA display, including televisions, monitors, projectors, and Apple TVs eliminating the expense of having to upgrade to an HDMI®-capable display.

The versatile HDMI® to VGA converter not only supports resolutions up to 1920x1200 including high definition 1080p, but also offers users the ability to convert the digital HDMI® audio output signal into a 2 channel analog audio source.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

### **Applications**

- Connect your laptop or ultrabook to a VGA projector or display in boardrooms, hotel rooms, in the office, or at home.
- VGA displays and projectors are everywhere. This adapter will allow you to output a VGA signal from your HDMI device.
- Ideal for digital entertainment centers, home offices, business conference rooms and trade show displays

## Features

- Supports PC resolutions up to 1920x1200 and HDTV resolutions up to 1080p
- Easy to use with no software required
- Compact, lightweight design
- Supported on any VGA display including televisions, projectors.
- VGA and Audio support from HDMI
- Allows Apple TV's to be used with VGA monitors or projectors with video and audio conversion
