COLOUR MULTIFUNCTIONAL FOR A4/A3 FORMAT

▶ print   ▶ copy   ▶ scan   ▶ fax

WANT A **COMPACT,**
COLOUR PROFESSIONAL
YOU CAN **RELY ON?**

This compact, A4/A3 format colour multi-functional, specifically designed to meet the requirements of small offices and work-groups, will satisfy even the highest demands on functionality, usability and compactness. Engineered with KYOCERA's renowned long-life components, this ECOSYS device ensures unprecedented reliability and exceptionally low printing costs with significantly less environmental impact.

▶ Up to 20/10 pages A4/A3 per minute in colour and b/w
▶ Minimum installation and operation requirements
▶ Easy to use colour touch panel with wizard style navigation
▶ Low power consumption saves energy
▶ Long-life components provide unprecedented efficiency and reliability
▶ HyPAS™ solution platform enables powerful customisation

The reverse automatic document processor scans double-sided documents for easy filing and forwarding.

Customisable, colour touch panel offers fast, easy access to frequently used functions.

COLOUR MULTIFUNCTIONAL FOR A4/A3 FORMAT

ECOSYS stands for ECOlogy, ECOnomy and SYStem-printing. With their long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that only the toner has to be replaced regularly. The modular design concept allows you to add workflow-enhancing functions as required. Integrated system software provides long-term cross-network compatibility. KYOCERA's long-life components cost you and the environment less.

PRESCRIBE
With the KYOCERA page design and control language PRESCRIBE, even complex graphics, logos and forms (multipart forms) can be created independently on the system and saved and updated in the printer. Consequently, integration into print files no longer applies. They are only accessed as required and therefore relieve the load on the network.

KYOCERA NetViewer
KYOCERA NetViewer enables complete monitoring and control of all ECOSYS printers and digital KYOCERA multifunction units from any Windows© PC and thus provides ideal network administration. It also supports the standardised SNMP protocol.

Command Center RX
The 'Command Center RX' enables to control and manage various settings by accessing the device via Web browser. E.g. automatically updating of screens, customising user screens, viewing department & restriction settings.

HyPAS™ – Hybrid Platform for Advanced Solutions
KYOCERA's powerful software development platform enables users to customise the functionality and operations of the multifunctional device to their individual requirements.
