

Ease-Fit Armband for iPod touch 5th gen

Overview

Overview

Runners, gym-goers, and other exercise enthusiasts can keep the music going with the Ease-Fit Armband. This band holds your fifth-generation iPod touch snugly against your arm, keeping your music player close without allowing distracting movement. This neoprene-Lycra armband is lightweight and flexible, and its clear window gives you full access to the touchscreen and Home button. This low-profile armband is hand-washable.

Holds Your iPod touch While You Work Out

Don't let your iPod touch get in the way of your workout. The sporty Ease-Fit Armband wraps snugly around your arm, ensuring your music player stays put. It has an overall length of 16.5" with a circumference range of 23 - 33cm and has a slim, form-fitting design that stays comfortably in place.

Flexible Fabric for a Good Fit

The armband's neoprene-Lycra blend is lightweight and flexible, so it won't weigh you down. For convenience, the armband can be washed by hand.
