# honey can do shelving components

Now you can design a truly customized storage system for any size space with our selection of individual shelving components. We stock everything from shelf liners that create smooth solid surfaces to side screens so you can keep things from falling off the back or sides of the shelves. Shelving poles are available in various heights and shelves come in several depths, widths, and capacity options. The no-tool assembly allows even workshop novices to successfully create a desk, bookshelf, rolling pantry, workstation, or any storage solution.

These are just some of the hundreds of configurations of full shelving units that are ready to ship for our direct drop ship customers.

vacuum packs

vacuum

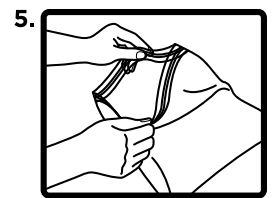

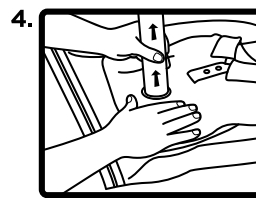

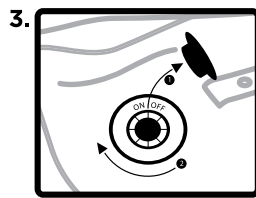

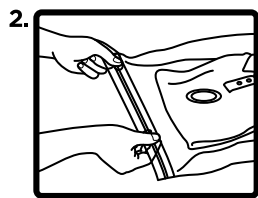

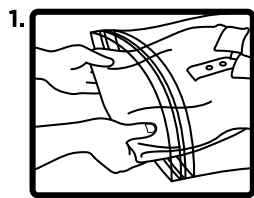

roll

Honey-Can-Do vacuum packs save up to 2/3 of your valuable storage space. Store and protect your garments, bedding and bulky seasonal items. It's as easy as loading your vacuum packs and removing the air with any standard household vacuum cleaner.

OR

Honey-Can-Do vacuum packs can be used when you are traveling and away from home. Simply load your vacuum pack with sweaters, pillows, and bulky jackets, then roll the pack up and out goes the air.

## **HONEY-CAN-DO IS A MANUFACTURING COMPANY SPECIALIZING IN HOME STORAGE, ORGANIZATION AND GARMENT CARE PRODUCTS.**

### **HONEY-CAN-DO MEANS PASSION**

Managed and owned by consumer-products professionals, Honey-Can-Do responds quickly to the changing marketplace facing our customers. We combine our shared expertise in Asian manufacturing and supply chain with innovative design, quality lean manufacturing and a passion for customer service. Our goal is to produce stylish home storage and organization products at a great values

### **HONEY-CAN-DO MEANS GREEN**

At Honey-Can-Do, being eco-friendly is ingrained in our corporate culture. Our North American location has been extensively renovated with green upgrades including compact fluorescent lighting throughout the facility, a phone and security system utilizing power over Ethernet and a comprehensive recycling program. We are currently exploring carbon-neutral programs for our corporate affairs. When researching products and business partners, sustainability and globally ethical standards are at the forefront of our research and development. We are continually striving to incorporate sustainable materials in our products along with ways to reduce the materials in our packaging.

### **HONEY-CAN-DO MEANS SERVICE**

Honey-Can-Do provides focused, specialized customer service, responding quickly and efficiently to any of our customer and partner needs. With Honey-Can-Do, every person in the company is an empowered decision-maker. You know what is best for your company and we're here to do just that. There's no bureaucracy to muddle through and all the executives, including the owner, are readily accessible. At Honey-Can-Do, we are flexible in dealing with situations and use common sense. Every decision we make is with the long-term success of the company and our customers in mind.

### **HONEY-CAN-DO MEANS PROCESS**

Honey-Can-Do manufactures products in Asia and North America utilizing our own facilities, joint partnerships and pre-qualified subcontractors. Using an extensive process, we carefully monitor quality control, safety standards and social compliance. Our quality control methods are based on Six Sigma philosophy to ensure each product, its packaging, and every shipment is correct. In addition to the QC procedures implemented during the manufacturing process, we employ a team of QC inspectors who scrutinize every order. Reporting to an in-house but independent manager, our inspectors check each shipment from the factory to ensure our high standards are met. Because of these stringent quality control methods, Honey-Can-Do confidently offers a limited lifetime warranty on every product we make.

Honey-Can-Do sincerely appreciates the industry's recognition of our dedication to customer service along with the awards we have received for innovative product and packaging design.
