## Silicone Protective Bumper for iPad® Mini

Model SBUMPERIM

Healthcare facilities around the world are rapidly deploying iPads®. Many of these facilities have found the devices are hard to hold onto and they break easily. One facility reported a 7% breakage rate in the first week of receipt of a shipment of 700 new iPads. The new SBUMPERIM for the iPad® Mini provides a non-slip surface that can easily be grasped, and its design lessens the impact of the device being dropped. Additionally, the SBUMPERIM has Silver Seal™ antimicrobial product protection to help lessen cross-contamination. The SBUMPERIM is yet another way Seal Shield™ is helping prevent infections and save lives.

iPad® Mini not included
