

USB Flash Drive

JetFlash 360

It's all in your hand

- One-handed operation
- Comfortable ergonomic design
- Ultra-compact and lightweight

Extremely lightweight. Extremely compact

45mm x 18.3mm x 7.5mm
= ultra-compact
= 4.3g

Capless Design

JetFlash 360 features a capless design, protecting your USB from losing the USB end cap. Now, there is no need to take on and off the cap whenever you use the drive.

A truly comfortable experience

Fitting comfortably between your thumb and forefinger, the easy-to-grip contoured design requires minimal effort when unplugging from a USB port.

Compatible with multiple devices

It is compatible with multiple devices such as PCs, notebooks, tablets and stereos.

Convenient keychain loop

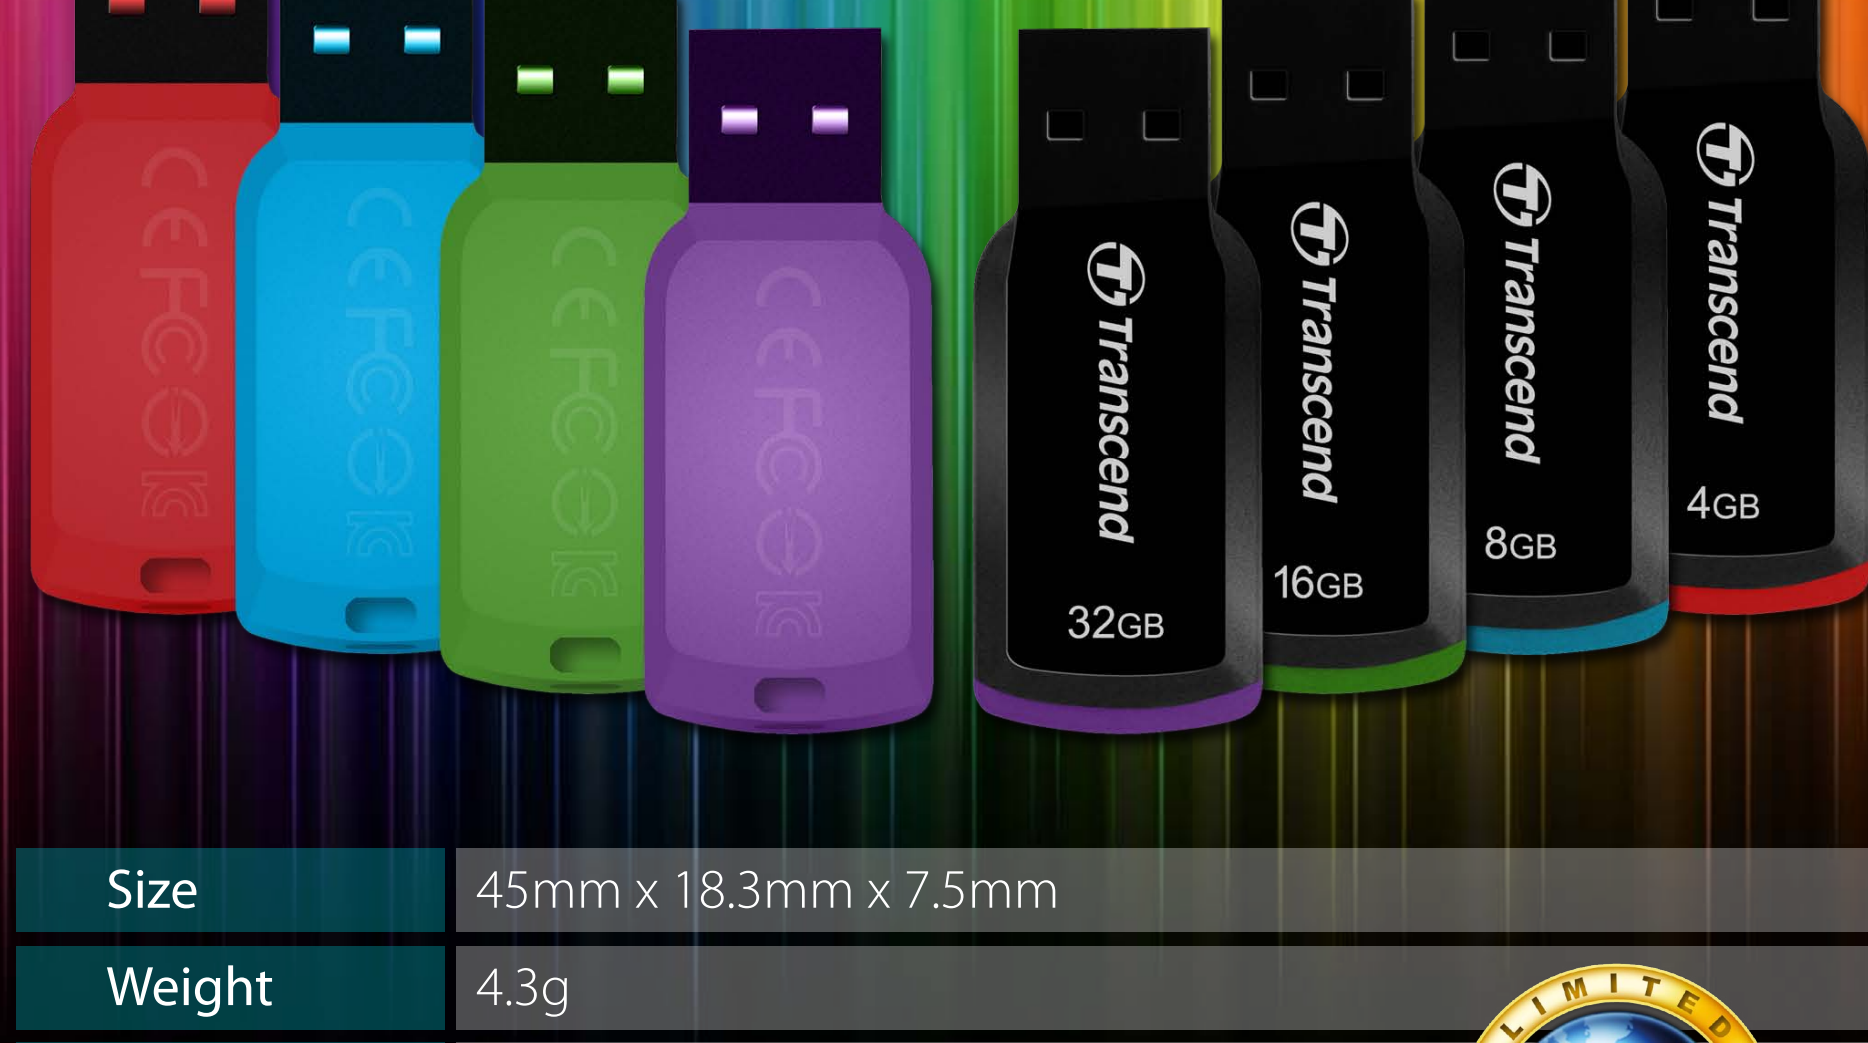

A handy keychain attachment loop provides you extra convenience to attach the JetFlash 360 to your keys, wallet or purse. Anytime you need you can find it.

Exclusive data management software

	Backup and Restore Provides instant backups, scheduled backups and restore function.
	Data Encryption Protects files with powerful 256-bit AES encryption.
	Sync Files Keeps the contents of one or two locations in sync.
	Bookmark Sync Copies your Internet Explorer Favorites, Firefox Bookmarks, Google Chrome Bookmarks to a Transcend's portable device.
	One Touch Auto-backup Performs an express synchronization of files or folders of your choice. (Available only on ESD400 & selected StoreJet models.)
	Backup Your Cloud Files The Elite software supports to download and save files from Google Drive to a Transcend's portable device.

About Transcend

TRANSCEND
GLOBAL BRAND

Transcend is a global company with offices around the world, thus we are able to serve all the major markets and provide superior quality of service to our customers. Transcend is a strategically integrated Hi-Tech company, not only do we design, develop, and manufacture our branded products, but we also market and sell our own devices. Transcend has a very successful retail store chain in Taiwan and after we launched our initial foray into e-commerce in May 2000 our on-line sales have grown exponentially.
