

## Increase the Durability of the SoMo

The DuraCase improves the drop height of the SoMo by 30%!

Top and Bottom Slide onto SoMo

The DuraCase increases the durability of the SoMo. The simple, interlocking two-piece design improves the drop height of the SoMo by 30%, allowing for broader market use outdoors or in environments with hard floors.

### BENEFITS

- **Protects** — The DuraCase is made of durable plastic to safeguard the SoMo against dings and scratches and features rubber corners to reduce impact when the SoMo is dropped.
- **Convenient** — Charge and sync your SoMo in a sync-charge cradle or four bay charging cradle with easy single-handed insertion and removal.
- **Secure** — You have the option to secure the top and bottom of the DuraCase onto your SoMo with a single screw. The DuraCase also features special rubber grips to provide added protection and prevent sliding during use.
