## ONE-TOUCH CONTROL

The one button control performs many useful commands and is supported by most mobile phone and portable media players. Some devices may require you to click two times or to hold the button down for a few seconds to activate some commands. Not all features will work for every device. Refer to the user's manual for your device to see which features are supported. Please note that not all manuals list the one-touch button features, even though they are supported.

## MICROFIBER TRAVEL BAG

Protects your headphones and doubles as a cleaner for your smartphone or media player.
