Swingline®

SHREDDERS

Swingline® was founded in 1925, and we quickly revolutionized stapling with the introduction of our drop-in staple loading. Since then we have expanded into other office product categories — such as shredders — continuing our focus on quality craftsmanship, innovative technology and style. You can depend on Swingline shredders to help simplify your daily tasks, the same way you depend on our iconic staplers. We thank you for your business and for making us a part of the way you work.
