

USB 3.0 Docking Station

CODi's highly versatile USB 3.0 Docking Station allows users to connect multiple peripherals to their notebook or desktop PC via a variety of ports, all through a single SuperSpeed USB 3.0 connection. The docking station combines 3.0 and USB 2.0 hubs, a Gigabit Ethernet RJ45 port and microphone and headphone audio jacks, making it the perfect solution for users who need to manage several devices at once. Users can also expand their monitor real estate via DVI and HDMI ports, with HD resolution up to 2048x1152.
