2AA Aluminum Flashlight

- Super Bright Krypton Bulb
- Anodized Aluminum Construction
- Adjustable Beam – Focuses from Spot to Flood Light
- Durable Push Button Switch
- Tail Cap Metal Hang Ring
- Assorted Colors
- Includes 2 AA Batteries

The 2AA Aluminum Flashlight contains a krypton bulb providing a super bright beam of light. The flashlight is extremely durable, constructed of anodized aluminum and features a durable metal tail cap hang ring. The flashlight has an adjustable beam that can be focused from a wide floodlight to a concentrated spotlight. With an easy to use side barrel push button switch, this flashlight works in any situation. The flashlight comes available in assorted colors – red, blue, and silver. The 2AA Aluminum Flashlight comes complete with 2 AA cell batteries.
