Warehouse Management
Solutions

FA500.3 Premium shredder

Designed for destroying large amounts of media and for continuous operation.

- Material infeed via a conveyor belt—for optimum loading and maximum throughputs.
- Practical loading table for simple loading.
- Touch-sensitive keypad for continuous and reverse operation.
- Auto stop with LED indicates when shred bin is full.
- Automatic reverse for paper jams.
- Convenient trolley with extremely sturdy, reusable shred-bin bag.
- Very sturdy gear motor with chain drive for maximum throughputs.
- Transportable on wheels.
- Anti-Jam Technology designed to easily and quickly reverse out paper in the event that the machine is overloaded.
