

## Rugged Band for SecureBack™ M Series for iPad® Air — Black

Protection from Threats, Big and Small

8589667830

### Product Description

You've protected your iPad from theft with the Kensington SecureBack. Now protect it from damage too with the Rugged Band for iPad Air. The Rugged Band utilizes dual layer construction, providing the maximum level of protection. The vulnerable corners receive extra protection and the raised bezel shields the Retina® display from scratches. It fits your iPad perfectly and integrates seamlessly with the Kensington SecureBack. Dust can do real damage to the sensitive electronics inside your iPad. Fortunately, the Rugged Band has optional port covers for the Lightning connector, ear buds jack and volume controls. The tactile feel of the Rugged Band also makes it easier to hold onto your iPad, so you're less likely to drop it in the first place.

### Features

- Strong, cushioned layer of rubber provides maximum protection against drops and bumps
- Raised bezel protects screen from scratches and damage
- Optional port covers keep dust and debris out of sensitive electronics
- Screen protector for added scratch resistance
- iPad not included

### Specifications

- **Protection** Screen Protection, Drop Protection

### Retail Packaging Information

Depth	12"
