

# Lenovo HORIZON 2s

## POSITIONING STATEMENT

Amazingly slim and light, Lenovo's HORIZON 2s all-in-one tabletop PC weighs in at just 2.5kg (5.5 pounds) and only 15mm (0.59 inches) thin but is packed with premium features including the advanced Aura multi-user interface, Android compatible multi-device sharing and 40+ multi-user gaming and education applications. Designed for both productivity and leisure, the HORIZON 2s provides flexibility in Stand and Flat mode with an adjustable 19.5-inch screen so users can easily work, watch movies, play games and entertain.

## KEY FEATURES

- Dual-mode tabletop PC that can operate in Stand and Flat mode allowing users to easily transition between work and play
- Aura multi-user interface with multi-touch display for easy photo editing, file sharing and gaming
- A surround sound experience with integrated speakers with Dolby® Home Theater®
- Easily portable around the home thanks to an integrated battery with up to 2.5 hours of HD movie streaming through Wi-Fi
- NFC connector software that easily transfers photos, movies and music from an NFC-enabled mobile device
- Improved Android compatibility that allows users to connect up to four Android devices at the same time for easy multi-device media sharing
- Dedicated Lenovo app store that gives user access to future releases of multi-touch, multi-user games and education apps for endless learning and fun
- Optional charging stand for more comfortable long-term use in DT Mode with built in charging connector
- Optional gaming accessories including e-Dice, joystick
