

The VisionTek DVI to HDMI Adapter features a DVI-D male connector on one end and an HDMI female connector on the other. Locking threads ensure the DVI connector will remain securely in place. Full HD support allows you to view your 1080p UHD content in stunning detail. Audio is not supported and must be transmitted separately.

The bi-directional HDMI-DVI adapter is a great solution for connecting from a computer with a DVI-D port to a monitor, HDTV or projector with HDMI, or from a computer, Blu-Ray player, TV box or game console with HDMI to a monitor with a DVI port. An HDMI cable (sold separately) is required.

VisionTek Display adapters offer a quick solution for your display needs. Our adapters work across all operating systems including OS X, Linux and Windows XP, Windows 7, Windows 8, and Windows 10. Where necessary, our adapters are active for expanded compatibility with multi monitor displays, docks, and digital signage. AMD Eyefinity is also supported with our adapters. Each VisionTek adapter has been extensively tested with HP, Dell, Lenovo and Mac systems to ensure a wide range of system compatibility.
