Thunderbolt to eSATA plus USB 3.0 Adapter - Thunderbolt Adapter

Product ID: TB2USB3ES

The TB2USB3ES Thunderbolt™ to eSATA + USB 3.0 Adapter lets you expand your MacBook or laptop connectivity by combining Thunderbolt to eSATA and Thunderbolt to USB 3.0 functionality into a single, compact adapter. You gain two vital interfaces that are unavailable or limited on most Thunderbolt-equipped systems, delivering fast, reliable performance, more connection possibilities, and rugged portability.

Fast, Reliable Performance

Experience fast, effective and reliable performance from your essential peripherals! Now, you can leverage the 10 Gbps bandwidth of your Thunderbolt port to create a scalable, high-speed solution that offers eSATA and USB 3.0 connectivity.
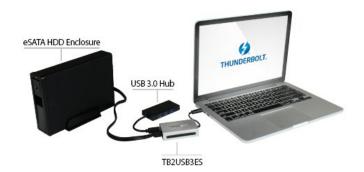

To maximize efficiency, two dedicated lanes connect the Thunderbolt adapter directly to your system PCIe bus. Each lane delivers 5 Gbps bandwidth so you effectively avoid performance bottlenecks when both ports are in use. This versatile adapter gives you fast, simple and reliable external connectivity, offered by revolutionary Thunderbolt technology.

Connection Possibilities

Take full advantage of your current peripherals! Saving you the added expense of purchasing new devices, this single adapter lets you simultaneously connect your existing peripherals through your Thunderbolt port - perfect for eSATA external hard drives (with SATA III support), as well as USB 3.0 hubs (with UASP support), or for syncing with your tablet or smartphone.

You can even integrate the adapter into the end of a Thunderbolt daisy-chain configuration! Connect the adapter to your Thunderbolt Docking Station (SKU: TBDOCKHDPBC - sold separately), for further MacBook expandability!

Rugged Portability

Get work done on the go, and look great doing it! A rugged and travel-friendly design lets you tuck the adapter neatly into your laptop bag, plus the casing combines portability with durability to offer quality protection that lets you take the adapter anywhere.

This sleek and stylish Thunderbolt adapter aesthetically matches your MacBook Pro® or MacBook Air®, with a silver sandblast finish and black rubberized grips. Plus, the compact adapter requires no external power, and integrates a built-in Thunderbolt cable as well as hassle-free plug-and-play installation.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Add 2 essential connectivity ports to your Thunderbolt-equipped MacBook Pro, MacBook Air, laptop or Ultrabook™
- Connect an eSATA-equipped external hard drive, or external enclosure to your laptop via a Thunderbolt port
- Add an extra USB 3.0 port to connect your peripherals at home, in the office or while traveling
- Perfect for use with your MacBook or laptop in a shared workspace or hot desk environment

Features

- 1 x eSATA (5Gbps) and 1 x USB 3.0 port (5Gbps), through a Thunderbolt connection
- Compact and durable case design with an integrated Thunderbolt cable, for maximum portability
- Supports Thunderbolt data rates of up to 10Gbps, with 2 dedicated PCI Express lanes (one per port)
- Hassle-free setup - Plug-and-play installation on supported operating systems using native drivers
- eSATA port supports SATA III / II / I connections
- USB 3.0 port supports UASP and is backward compatible with USB 2.0
- Silver sandblast finish with rubberized grips, matching Apple® MacBooks
- Bus-powered - No external power required

	Warranty	2 Years
Hardware	Bus Type	Thunderbolt
	Chipset ID	Intel - DSL2210 ASMedia - ASM1061 ASMedia - ASM1042A
	Interface	eSATA
		USB 3.0
	Ports	2
Performance	LBA support	48-bit
	Maximum Data Transfer Rate	10 Gbps (Thunderbolt) 5 Gbps (eSATA) 5 Gbps (USB 3.0)
	Port Multiplier	Yes
	RAID	No
	Type and Rate	Thunderbolt - 10 Gbit/s
		SATA III (6 Gbps)
	UASP Support	Yes
Connector(s)	Connector Type(s)	1 - Thunderbolt™ (20-pin) Male
		1 - eSATA (7 pin, Data) Female
		1 - USB Type-A (9 pin) USB 3.0 Female
Software	OS Compatibility	Windows® 8, 8.1, 10 Mac OS® 10.8.4 to 10.13
Environmental	Operating Temperature	-10°C to 55°C (14°F to 131°F)
	Storage Temperature	-20°C to 85°C (-4°F to 185°F)
Physical Characteristics	Cable Length	5.1 in [130 mm]
	Color	Silver
	Enclosure Type	Plastic
	Product Height	0.8 in [2 cm]
	Product Length	3.1 in [78 mm]
	Product Width	1.9 in [48.5 mm]
	Weight of Product	2.6 oz [73 g]
Packaging Information	Package Height	1.3 in [32 mm]

	Package Length	6.9 in [17.5 cm]
	Package Width	5.5 in [14 cm]
	Shipping (Package) Weight	5.7 oz [161 g]
What's in the Box	Included in Package	1 - Thunderbolt Adapter
		1 - Instruction Manual
