

# nyne Aqua

With the NYNE Aqua, a wireless watertight floating speaker, you can enjoy your favorite tunes from any Bluetooth enabled device while playing Marco Polo in the pool, singing in the shower, or drifting down a lazy river. The Aqua features an IPX-7 submersible rating, up to 10 hours of rechargeable battery power, on-board controls, and 4 equalizer settings that will satisfy any music enthusiast. You can even make a handsfree SOS call via Aqua's built-in speakerphone. So sling Aqua's silicon strap over your shoulder and head for the pool!
