

# Q Tablet

**InFocus**  
Collaboration That Works

Powerful, affordable and ready for work or play

Part #s: INP-120Q

The InFocus Q Tablet gives you the performance you want for work and play—at a price low enough that you can buy yourself one, then outfit the whole family. You can cut down on the hardware you carry and, with a full year of Office365 for free, still have all the tools you need at your fingertips.

**Screen size:** 10.1"

**OS:** Windows 8.1

**Battery Life:** 8 hours

**Connectivity:**  
USB 3.0, SD card slot

**Processor:** Intel Atom™  
1.33 GHz quad-core

## Easy-on-the-eyes 10.1-inch touchscreen

It's the perfect size: Small enough to tote in a bag or backpack, big enough to comfortably read articles, type docs and emails, browse the Internet and watch movies. An LCD with 1280 x 800 resolution and in-plane switching (IPS) guarantees no squinting or squirming with consistent, accurate viewing from all angles.

## Powerful Intel quad-core processor & 2 GB RAM

The Intel Atom quad-core processor with burst speed up to 1.83 GHz provides plenty of horsepower for even heavyweight multitasking. Combine that with 2 GB of RAM for rapid response when opening or closing apps or switching between them.

## Front- and rear-facing cameras

Shoot high-quality video and pictures and have crisp face-to-face conversations with the 5MP rear camera and 2MP front camera.

## Lightweight, comfortable design

At only 1.5 pounds, you can take the Q Tablet anywhere, from the couch to a coffee shop. And if you need to transfer data to a home or work computer, just use a USB drive or SD card.

### Microsoft Office365 free for a year

The Q Tablet (INP-120Q) comes with a full year of Office apps—including Word, Excel, PowerPoint, Outlook, OneNote, Publisher and Access. You also get 1 TB of online storage, so you can save documents, photos and videos, and access them from almost anywhere.

## Specifications\*
