

A Plantronics Blacktop 500 Bluetooth headset is shown against a dark blue background. The headset features a black leather-like headband, a large circular earcup with a silver-colored outer ring, and a flexible boom microphone. A separate black call control device with several buttons is attached to the headset via a cable. The device is positioned at the bottom of the frame, with a line indicating its connection to the headset.

All-day comfort

Cancels road noise

Clip-on Bluetooth® controls

plantronics®

Designed for the long haul

Blacktop™ 500

The Plantronics Blacktop 500 Bluetooth® headset cancels road noise, stays comfortable all day, and positions the inline controls at your fingertips so you can manage calls without taking your eyes off the road.

Blacktop 500

The road is noisy, the drive is long. The Blacktop 500 Bluetooth headset has all the noise canceling, comfort, and ease-of-use to make clear conversations a natural part of every trip.

KEY FEATURES

- Noise-canceling microphone and powerful speaker deliver clear, precise audio to you and your caller.
- Clip the controls to your shirt or belt and answer calls, adjust volume, or mute the mic without taking your eyes off the road.
- Flexible, reinforced headband and cushioned earcup make it easy to wear all day.
- Attach the lightweight power cable to the in-car charger and never run out of talk time while you're driving.
- Quick-connect USB cable can also be used with PC for Internet chat or movies in your down time.
- Internal sensors know to direct calls to phone if you aren't wearing headset. If a call rings, simply put on the headset and sensors will answer call – no buttons to press.
- Free Plantronics Find MyHeadset® app for Android lets you send a tone to hear headset nearby or track last usage on a map using BackTrack™ feature.
- Check your headset's battery level from your iPhone® or use the Find MyHeadset app to show meter on your Android™.
