28" Ultra HD Monitor
with MultiPicture Technology

3840x2160 Resolution for the Ultimate in Image Detail

ViewSonic®
See the difference®

VG2860mhl-4K

If you're writing thousands of lines of code, making financial forecasts, or viewing video surveillance footage, the efficiency of your work often comes down to the details on your monitor. That's why we created the ViewSonic® VG2860mhl-4K monitor. With stunning 3840x2160 resolution at a high refresh rate of 60Hz*, this 28" monitor is engineered to deliver the ultimate in detail and clarity so that the finer points never go by unnoticed. When multiple projects need your attention, ViewSonic's exclusive MultiPicture functionality lets you view up to four Full HD video sources at once, while a fully adjustable ergonomic stand keeps you comfortable. The ViewSonic VG2860mhl-4K monitor delivers the screen size, incredible detail, and multitasking features you need to get your job done.

Key Features:

Ultra HD 3840x2160 @ 60Hz* native resolution

MultiPicture support for viewing up to 4 Full HD video sources

Future-proof DisplayPort (Full size and mini), HDMI, MHL and DVI inputs

Ergonomic tilt, swivel, pivot, and height-adjust

Exclusive ViewMode™ technology delivers superior color rendering and intuitive settings
