USB 3.0

Faster File Transfer with USB 3.0 Technology

The high-capacity, high-performance Lexar® JumpDrive® S55 USB 3.0 flash drive allows you to quickly and securely transfer photos, videos, and files. The drive features a slim design with a protective sliding cover, which means there's no cap to lose, and it's available in 128GB capacity.

Convenient, Reliable Portable Storage

Store and Transfer Content Faster. With a busy life on the go and so much to do, the last thing you want is to spend extra time waiting for your files to transfer. The drive delivers speeds up to 150MB/s read and 60MB/s write.* You can quickly transfer a 3GB HD movie clip in less than 1 minute, compared to the 4 minutes it takes using a standard USB 2.0 drive.** And for added versatility, the drive is backwards compatible with USB 2.0 devices.

Approximate Write Comparison (min:sec)[1]		
	JumpDrive S55 (USB 3.0)	JumpDrive (USB 2.0)
1000 photos (3.8MB photo)	2:01	6:50
1 HD video (3.2GB video)[2]	0:54	4:22
500 photos (3.8MB photo) and **5 HD videos** (1GB video)[3]	2:19	9:03

[1]Based on 64GB capacity. 12 megapixel photo. [2]1080p full-HD video at 30fps (46 Mbps). [3]1080p full-HD video at 24fps (18 Mbps).

Securely protect and delete files on the go. Looking to protect personal information, financial records, or other sensitive files on the go? JumpDrive S55 includes EncryptStick™ Lite software, an advanced security solution with 256-bit AES encryption to help protect your essential files against corruption, loss, and deletion. Easily create a password-protected vault that automatically encrypts data. And for peace of mind, files that are deleted from the vault are securely erased and can't be recovered.

Designed for Convenience. Beyond its performance and good looks, JumpDrive S55 is designed for convenience. It has a slim design and an integrated sliding cover to safely protect the drive and its contents.

Lexar Performance, Quality, Compatibility, and Reliability. All Lexar memory card, card reader, storage drive, and USB flash drive product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability. This provides customers with a high level of confidence when using Lexar products to capture, manage, move, and store the memories that matter.

For more than 15 years, Lexar has been trusted as a leading global brand of memory solutions. Our award-winning lineup includes memory cards, USB flash drives, readers, and storage drives. With so many options, it's easy to find the right Lexar solution to fit your needs.

Lexar. When Memory Matters.™
