AnthroCart[®] 2

Anthro Only Gets Better With Age!

Jebra, from Anthro's Creative Team, enjoys the spacious worksurface and sit/stand adjustability of her 48" w AdjustaCart in Fog.

Even back in 1988, Jebra knew how to make the most of her space, with a 36" w AnthroCart and convenient storage accessories.

Introduced in 1984, the AnthroCart has been the long serving, popular workhorse of our many product families.

The AnthroCart is known for its mobility, strength (holds up to 150 lbs!), and modularity (choose from a long list of accessories). 30 years later, we've kept the same iconic design but updated with new colors, more models, and added features you'll love!

Look inside for more innovative AnthroCart 2 features...

AnthroCart[®] 2

Anthro Only Gets Better With Age!

Our Most Popular AnthroCart2 Features

1 Strong

Shelves are made with 1" thick industrial grade high density particle board so they're incredibly strong. The combination of sturdy shelves, 16 gauge steel tube legs and our patented shelf support mechanism means AnthroCarts can hold up to 150 pounds of your equipment!

Patented shelf supports

2 Flexible

Shelves adjust at 1" increments along the vertical tubes so you can place your work surface or additional storage at whatever height best fits your needs. Best of all, the adjustability means the cart grows with you. Choose from our widest array of accessories to configure the cart to fit your equipment and room space, now and in the future.

Cable management tools are included

3 Durable

Vinyl T-molding along the edge of the shelf surfaces prevents dings on edges. The baked-on powder coat finish on the legs is the toughest finish available! All these details add up to make an AnthroCart able to withstand the daily wear and tear that comes with any work environment.

Everything you need for assembly is in the box!

4 Easy to Assemble

The simple design of the AnthroCart means you won't have to spend a lot of time putting your AnthroCart together. Detailed assembly instructions along with all the necessary tools are included with every cart.

Caster inserts that won't bend or break.

5 Mobile

Soft rubber 2 3/8" twin wheel casters provide easy and quiet rolling. The front two casters also lock. Casters insert into a solid steel shaft in the base tube so they stay snug over uneven surfaces. Need a more robust option? Upgrade to large 4" casters!

6 Size Options

No matter your space, there are AnthroCarts to fit you and your equipment.

The AnthroCart Story

In 1984, personal computers were beginning to influence the workplace. Mobile carts were just the ticket for folks looking for a place to put these amazing new machines. We're proud of those Original AnthroCarts – and equally proud of the our new AnthroCart 2 family. With refreshed color combinations, sizes and new integrated cable management, AnthroCart 2 is a celebration of the staying power of this cart over the past 30 years.

AnthroCart[®] 2

Anthro Only Gets Better With Age!

36"w AdjustaCart

Top: One cart, multiple height options! 36" w AdjustaCarts with optional Extension Tubes and Monitor Arms are perfect for offices with shared workspaces, so that both Cindel and Adrienne can work comfortably. Bottom: Move equipment anywhere in the studio on sturdy casters.

| 36"w AdjustaCart | |
|---------------------------|---|
| Dimensions | This dual-surface workstation measures 36"w x 34"d x 31.25"h |
| Comes with | Three legs, two fixed-height shelves (one with a recessed front edge, one with a straight front edge), one adjustable-height/tilt shelf with lift mechanism and paddle, four 2-3/8" casters (two locking), a base tube, cable management sleeves and hooks, and all the necessary tools for assembly. |
| Product # and MSRP | AJ36BK (Black), AJ36FG (Fog) \$689 MSRP |

48"w AdjustaCart

Top: The adjustable-height keyboard shelf spans the width of the desk so Jebra has enough room to fit papers and small equipment on it, too. Bottom: Just like standard AnthroCarts, add storage to any AdjustaCart with optional Extension Tubes and Additional Shelves.

| 48"w AdjustaCart | |
|---------------------------|--|
| Dimensions | This dual-surface workstation measures 48"w x 34"d x 31.25"h |
| Comes with | Four legs, two fixed-height shelves (one with a recessed front edge, one with a straight front edge), one adjustable-height/tilt shelf with lift mechanism and paddle, four 2-3/8" casters (two locking), a base tube, cable management sleeves and hooks, and all the necessary tools for assembly. |
| Product # and MSRP | AJ48BK (Black), AJ48FG (Fog) \$729 MSRP |

Console Cart

Top: Console Cart's adjustable-height keyboard shelf can raise, lower and tilt for a perfect ergonomic fit, so Jessica sit and stand throughout the day. Bottom: Tim's Console Cart can build up with optional Extension Tubes, Additional Shelf, Monitor Arms and CPU SideRack to keep equipment close.

| Console Cart | |
|---------------------------|--|
| Dimensions | The curved, dual-surface workstation measures 72"w x 47.5"d x 36.5"h |
| Comes with | Six legs, two fixed-height shelves, one adjustable-height/tilt shelf with lift mechanism and paddle, six 4" casters (two locking), two base tubes, cable management sleeves and hooks, and all the necessary tools for assembly. |
| Product # and MSRP | CCBK (Black), CCFG (Fog) \$1099 MSRP |

Equipment Cart

Top: Keep your small equipment on the move with a compact mobile Equipment Cart. Shown in Fog with optional Additional Small Shelf.
Bottom: The strong Equipment Cart holds up to 150 lbs. Shown in Black with optional Extension Tubes, Additional Shelf, and Clamp-on Handle.

| Equipment Cart | |
|--------------------|---|
| Dimensions | 25.25" w x 21.5" d x 28" h |
| Comes with | Four legs, two shelves, four 2-3/8" casters (two locking), a base tube, cable management sleeves and hooks, and all the necessary tools for assembly. |
| Product # and MSRP | 030BK (Black), 030FG (Fog) \$299 MSRP |

MiniCart

Top: As the tiniest AnthroCart, MiniCart certainly earns its name – though it's just as strong and rugged as other AnthroCarts.
Bottom: Add the optional Handle, Equipment Hold-down, Metal Bin and 4" Casters for a nimble cart that can maneuver through tight spaces.

| MiniCart | |
|--------------------|--|
| Dimensions | 18.75" w x 22.5" d x 28" h |
| Comes with | Three legs, two shelves, four 2-3/8" casters (two locking), a base tube, cable management sleeves and hooks, and all the necessary tools for assembly. |
| Product # and MSRP | GT23BK (Black), GT23FG (Fog) \$289 MSRP |
