

FROM NOW ON, TINY IS MORE THAN JUST SMALL.

lenovo FOR
THOSE
WHO DO.

The ThinkCentre Tiny and

ThinkCentre Tiny-in-One 23.

Size is just the most obvious benefit of the newest ThinkCentre® Tiny and the industry's first display customized specifically for ThinkCentre Tiny desktops powered by Intel® processors. These incredible new devices are also quiet, cool, mobile, modular, and affordable. They are convenient to deploy, easy to service, and adaptable to a wide variety of places and industries.

Whether used alone or with its customized display, Tiny provides desktop PC capabilities in spaces that are far from the confines of a desk. From food trucks to rescue vehicles, classrooms to hospital rooms, Tiny makes big things possible.

ADAPTABLE

DEPENDABLE

EFFICIENT

ThinkCentre M53 Tiny

The new ThinkCentre M53 Tiny powered by Intel® processors allows IT professionals to secure a desktop PC where none has been before. In business and enterprise, Tiny can run audio-visuals from boardrooms to lobbies without ever being seen. And in crowded call centers, Tiny does more while using less energy and space.

In retail, Tiny revolutionizes how commerce is conducted when used to power kiosks, self-serve, and mobile businesses. In other realms, like education or healthcare, Tiny enables users to bring the power of a PC to the people who need it most when mounted to a mobile teacher's or nurse's cart. And that's just the beginning.

RELIABLE

COLLABORATIVE

WELCOMING

INVISIBLE

ThinkCentre Tiny-in-One 23

The introduction of the industry's first display customized specifically for ThinkCentre Tiny desktops makes deployment and servicing quick and easy on both a large or small scale. Simply drop the ThinkCentre Tiny into the mounting bay in the back of the display, lock the side doors into position, plug it in, and it's ready to go.

With Tiny incorporated into the ThinkCentre Tiny-in-One 23 display, this space-saving desktop PC gains even more traction across a variety of industries. It's whisper quiet in computer labs and libraries. And because it requires only one external cord, Tiny-in-One 23 keeps retail and hospitality counters clean and clutter-free.

For details and ideas on how Tiny could change your world, visit www.lenovopartnernetwork.com/ca/tiny.
