

Interlocking Military Grade Storage Case with Customizable Foam Insert

The perfect solution for protecting and
transporting your valuables

Overview:

Aluratek's Interlocking Storage Case with Customizable Foam Insert is the perfect solution to keep your valuables organized and protected while keeping them firmly in place. APUPS01FC is designed with a durable handle and two interlocking latches that secures the lid tightly. The case is made from .25" dense durable plastic and comes with a customizable 2.5" thick pre-scored foam insert that can easily be easily customized to any shape desired without the need for scissors or knives.

The bottom of the case is lined with a 0.5" foam base layer and the inside lid is covered with 1.25" egg crate like piece of foam for added protection. Perfect for protecting and transporting heavy tools, battery chargers like Aluratek's 60,000 mAh Portable Battery Charger and Universal Power Supply, firearms, family heirlooms, sensitive documents and any other valuables that need safe keeping.
