

HP x360 310 G2 Convertible PC

Enjoy outstanding value with a convertible notebook that adapts to your busy work day. Change between tablet mode by folding the screen over, or showcase your presentations in stand or tent mode all on an 11.6-inch diagonal screen.

HP recommends Windows.

- Windows 8.1¹
- Screen Size: 11.6" diagonal

360-degree flexibility

- Keep your keyboard at your fingertips. Effortlessly switch between notebook and tablet thanks to the durable, mechanical hinge design.

Power to perform

- This Windows 8.1¹ convertible notebook comes with an Intel® Celeron™ or Pentium™ processor and up to 256 GB SSD drive options^{2,3} to keep you working.

Different devices, brands and operating systems.

- Manage different devices, from different brands and operating systems all with the HP Touchpoint Manager app, and perform device maintenance tasks quickly and with ease.⁴

Convenient connectivity

- Stay in touch from the office or on the road with powerful connectivity options on the HP x360 310 that include an Intel® 2x2 AC WLAN and a Gigabit NIC.³

Featuring

- Start up and switch applications by touch, with the quick and fluid Windows 8.1¹
- Interact and work in a more engaging way with multi-touch gestures.
- With TPM 2.0 your critical data has protection.⁷
- Access online accounts with a single password or PIN.
- Get a premium look with a brushed-aluminum keyboard deck.
- Connect easily to displays, printers, and more with HDMI.
- Sync, photos and music with HP Connected Photo⁵ and HP Connected Music.⁶

Messaging Footnotes

- ¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>. For full functionality of the share hot key, internet access is required and not included.
- ² For storage drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 30GB for Windows 8.1 is reserved for system recovery software.
- ³ Sold separately or as alternate features.
- ⁴ HP Touchpoint Manager supports Android™, iOS and Windows operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see www.hp.com/touchpoint for availability information. Touchpoint Manager requires purchase of a subscription. Out-of-band HP only Wipe, Lock, Unlock and reporting of BIOS boot error codes is planned to be available on select HP EliteBooks and requires an internet connection, Intel® vPro™ technology and functions in S3/Sleep, S4/Hibernate and S5/Soft Off power states. SATA drives are wiped. The remote wipe of Self Encrypting Drives that have hardware encryption active is not supported.
- ⁵ For HP Connected Photo, companion Snapfish iOS app available for download. Snapfish membership required. Internet service required and not included.
- ⁶ Connected Music features limited to North America. Streaming services may require a paid subscription. May not be compatible with all music files. Not compatible with DRM tracks. Internet access is required and not included.
- ⁷ Firmware TPM is version 2.0. Hardware TPM is v1.2, which is a subset of the TPM 2.0 specification version v0.89 as implemented by Intel Platform Trust Technology (PTT).

Technical Specifications Footnotes

- ¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. See <http://www.microsoft.com>.
- ² Multi-Core is designed to improve performance of certain software products. Not all customers or software apps may benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software. Intel's numbering is not a measurement of higher performance.
- ³ For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 8.1) of system disk is reserved for the system recovery software.
- ⁴ 802.11 plus Bluetooth combo is sold separately or as an add on feature. Wireless access point and internet service required. Availability of public wireless access points limited.
- ⁵ HD content required to view HD images.
- ⁶ HP ePrint requires an Internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting).
- ⁷ The wireless hotspot application requires an active Internet connection and separately purchased data plan. While HP Wireless Hotspot is active, on-device applications will continue to work and will use the same data plan as the wireless hotspot. Wireless hotspot data usage may incur additional charges. Check with your plan for details.
- ⁸ HP Touchpoint Manager supports Android™, iOS and Windows operating systems and PCs, notebooks, tablets and smartphones from various manufacturers. Not available in all countries see www.hp.com/touchpoint for availability information. Touchpoint Manager requires purchase of a subscription. Out-of-band HP only Wipe, Lock, Unlock and reporting of BIOS boot error codes is planned to be available on select HP EliteBooks and requires an internet connection, Intel® vPro™ technology and functions in S3/Sleep, S4/Hibernate and S5/Soft Off power states. SATA drives are wiped. The remote wipe of Self Encrypting Drives that have hardware encryption active is not supported.
- ⁹ Firmware TPM is version 2.0. Hardware TPM is v1.2, which is a subset of the TPM 2.0 specification version v0.89 as implemented by Intel Platform Trust Technology (PTT).
