

solar-powered METAL DECK LIGHT - 4 PACK

Model # 47334-SS

No More Stumbling in the Dark!

Light your deck, steps or railings.

These lights are great for everything from accenting decorative elements of your deck, to illuminating dark paths or steps. Whether you are trying to show off your deck, or prevent trips and falls, the Solar Powered Stainless Steel Deck Lights are for you.

SOLAR POWERED

The lights are powered by integrated solar panels, and come with a rechargeable NiMH battery. There is no need to run any electricity to the unit, or to buy batteries.

EASY INSTALL

They can be set on the ground or mounted to any flat surface. Mounting is easy! There are two mounting holes on the back of the unit; and it's as easy as hanging a picture on the wall. (Mounting screws are included)

STAINLESS STEEL CONSTRUCTION

The high quality stainless steel body will not only catch the eye of those who see it, but it will also ensure that the light lasts for years.
