- › Wall mountable (VESA compliant)
- › Full function remote control

VISION **MADE** VIVID.

Haier's new LED HDTVs combine a sharp, clear, high-definition picture with a thin frame measuring 1" or less to provide an incredibly immersive viewing experience. Two dedicated sound chambers produce enhanced sound quality, with superior dampening, improved mid-range response, louder, cleaner bass, and richer overall sound texture. In addition, this line is MHL (Mobile High-Definition Link) enabled, allowing you to connect compatible devices, such as smartphones, tablets, and the Roku Streaming Stick™ directly to the HDMI port on your HDTV.
