

# WDXC4851 - Hoover 8+5kg Washer Dryer - White

The Hoover WDXC4851 Dynamic Washer Dryer can wash and dry your clothes in under an hour. With a variable spin speed of up to 1400rpm, the Hoover WDXC4851 can hold up to a 8kg wash and 5kg drying load.

Rated "B" for its energy efficiency and "A" for its wash and its spin performance this washer dryer is great for saving you money on your bills as well as at taking care of your clothes. Great news when it comes to keeping those ever increasing running costs down.

The WDXC4851 has 16 programmes including a number of cotton and mixed washes along with wool, hand and sports programmes. Additional features include timer delay function, spin speed selection, Sensor Drying and Quick wash programmes for when time is of the essence.
