CT3 Checkpoint Friendly Apex X² 17" Backpack

This lightweight backpack fits up to 17" laptops and features plenty of space for all your business essentials. CODi Checkpoint Friendly cases are designed to save time and eliminate hassle while navigating airport security. CT3 cases feature two distinct compartments hinged by military grade ballistic nylon, which allow the case to lie flat while passing through airport x-ray machines and eliminate the need to remove the laptop from the case. Travelers can simply grab the case from the conveyor with one hand and go - the case secures itself with a zipper between the compartments.

FEATURES

- **MADE WITH CODi SX2™ BALLISTIC NYLON** the strongest weave available, derived from military applications

- **LEATHER TOP CARRY HANDLE** for easy grab and go

- **BOTTOM FRONT COMPARTMENT** flips down to reveal a mobile accessory organizer

- **TOP FRONT COMPARTMENT** flips down for access to key fob and pockets for pens, business cards, and other essentials

- **TABLET POCKET** located in the main compartment with the ability to hold up to two tablets

- **MAIN COMPARTMENT** provides ample space for files and other essentials

- **SIDE ACCESS CT3 LAPTOP COMPARTMENT** heavily padded for protection
Note: Laptop must be positioned with battery closest to the bottom of the case. Adding accessories or other items to this pocket may make you subject to additional screening.

- **INTEGRATED TROLLEY STRAP** for wheeled case piggyback

- **BREATHABLE, PADDED BACK** to increase comfort and reduce fatigue

- **ADJUSTABLE, PADDED STERNUM & SHOULDER STRAPS** curved to contour the shoulders and back
