

# Braava™ 390t

**iRobot®**  
**Braava™**  
Floor Mopping Robot

Introducing the  
Braava™ 390t

Wet mops and dry sweeps your hard floors to tackle daily dust and dirt, leaving a gleaming finish.

### Smart

Cleans multiple rooms using the NorthStar® Navigation System, including under furniture while avoiding stairs and other drop-offs.

### Simple

Just attach a cloth and press a button to get cleaning.

### Clean

Dry and damp mops your floors to reveal their natural shine.

## Braava 390t Features

Keeps track of where it has been and where it needs to go.

Expanded coverage.

Works on hard-surface floors, including tile, vinyl, hardwood and laminate.

Pro-clean system.

Just press and go.

Fast charging with Turbo Charge Cradle.

Whisper-quiet.

## Maintain gleaming hard floors, every day, the easy way.

iRobot® Braava™ Floor Mopping Robot helps you maintain clean floors, dry- or damp-mopping any hard-floor surface with disposable or microfibre cleaning cloths.

Designed to mop floors quickly and efficiently, the new iRobot Braava Floor Mopping Robot systematically covers your entire floor in a single pass. It's so easy to use...just attach a cloth, put Braava down, press a button and off it goes, using advanced robotic technology to track where it's been and where it needs to go.

### EASY TO USE

- Cleaning cloths are easy to attach and remove with the removable magnetic multi-purpose cleaning pad.
- Attach a cleaning cloth, put Braava down and select a cleaning mode.
- Quiet enough to operate without disrupting your daily activity or sleep.
- When finished cleaning, Braava returns to where it started and powers down automatically.
- Charging cradle provides sleek, compact storage and charges Braava in just 2 hours.

### CLEANS HARD FLOORS QUICKLY, SYSTEMATICALLY COVERING THE ENTIRE FLOOR IN A SINGLE PASS

- Uses specially designed microfibre cleaning cloths or disposable cleaning cloths.
- Works on all hard-surface floors including tile, vinyl, hardwood and laminate.
- Dry mops for up to 4 hours (up to 93 m<sup>2</sup>) using dry cloths to pick up dust, dirt and hair.
- Damp mops for up to 2.5 hours (up to 33 m<sup>2</sup>) using special mopping action and damp cloths to lift surface dirt and grime.
- Reservoir Cleaning Pad dispenses liquid during cleaning cycle, continually refreshing the microfibre cloth with fresh fluid.
- Retains a map of its cleaning space while powered on so you can replace the cloth mid-cycle without missing a spot.
- Braava's shape and navigation system enable the robot to cover the entire floor.

### ADVANCED ROBOTIC TECHNOLOGY AUTOMATICALLY CLEANS YOUR FLOORS

- The NorthStar® Navigation System works like an indoor GPS keeping track of where Braava has been and where it needs to go.
- Cleans under furniture and other tight areas.
- Cleans dust and dirt along walls, skirting boards and edges.
- Avoids stairs, area rugs and raised transitions to carpets.

# Roomba® 621

**iRobot®**  
Roomba®  
Vacuum Cleaning Robot

The standard-setting Roomba for a thorough clean, every day.

## Thorough Cleaning

Patented 3-Stage  
Cleaning Process

## Easy to Use

Clean your floors with  
the touch of a button

## Full Suite of Sensors

Vacuums on its own  
using iAdapt® Responsive  
Navigation Technology

## Roomba 621 Features

Navigates under and around furniture and through loose cords without damaging household objects.

Automatically charges itself between cleanings.

Cleans along wall edges using a spinning side brush for the most thorough floor coverage.

Detects dirtier areas and cleans them more intensely.

Avoids stairs and other drop-offs.

Works on hard floors and carpets.

## Remove dirt, debris and hair from hard floors and carpets at the touch of a button, every day.

Roomba® 621 features a patented 3-stage cleaning process with counter-rotating brushes and a powerful vacuum to remove dirt, dust, hair and other debris from your floors.

Roomba 621 is simple to use – just press CLEAN and iRobot's iAdapt® Responsive Navigation Technology enables Roomba to find its way around the room, ensuring every area is covered for a complete clean. Roomba 621 is also equipped with Dirt Detect™ which uses acoustic sensors to focus on areas with a higher concentration of debris to ensure no debris is left behind.

As with all Roomba models, Roomba 621 has a spinning side brush to clean along wall edges, is compact enough to navigate under and around furniture, avoids stairs and other drop-offs and will automatically return to its Home Base™ to recharge between cleaning cycles.

### INDUSTRY LEADING PERFORMANCE

- Effectively captures large quantities of dirt, dust, hair, and other debris from all floor types
- Senses areas with higher concentrations of debris for a deeper clean where it's needed most

### EASY TO USE

- Cleans under and around furniture, beds, into corners, and along wall edges
- Avoids stairs, obstacles and loose wires
- Works in cluttered rooms without damaging furniture

### A THOROUGH CLEAN

- Effectively finds floor debris in tight spots, even under and around furniture
- Spot Clean Mode performs a quick vacuum of debris confined to a small area, such as spilled cereal or an overturned plant
- New iRobot XLife™ Battery delivers twice as many cleaning cycles as previous Roomba batteries, doubling the time before a replacement battery may be needed\*

\*Roomba runtime remains the same between recharges. Battery lifetime varies with usage and home environment. Use Roomba as directed for longest battery life.

Vacuum Cleaning Robot

# Roomba® 762e

**Removes dirt, debris and hair from all types of floors with the touch of a button**

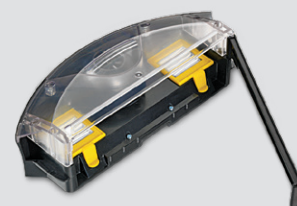

### Thorough Cleaning

Patented 3-Stage  
Cleaning Process

### Easy to Use

Clean your floors with the touch  
of a button or schedule to clean  
while you're not home

### AeroVac™ Series 2 Bin

Powerful vacuum collects large quantities  
of debris in the bin while trapping  
allergens with HEPA filtration

## ROOMBA 762e FEATURES

### COVERAGE

Vacuums on its own using iAdapt® Responsive  
Navigation Technology.

Works on carpet, hardwood, tile and linoleum.

HEPA filters trap pet dander, dust particles and  
other allergens.

### CONVENIENCE

Automatically recharges itself between cleanings.

Cleans on a schedule that's convenient for you.

## Get clean floors every day with just the touch of a button.

Roomba® 762e features a patented 3-stage cleaning process with counter-rotating brushes and a powerful vacuum to remove dirt, dust, hair and other debris from your floors while dual HEPA filters keep your home's air free from fine dust and other allergens.

Roomba 762e is simple to use – just press CLEAN and iRobot's iAdapt® Responsive Navigation Technology enables Roomba to find its way around the room, ensuring every area is covered multiple times for a complete clean.

Roomba 762e also comes with one Virtual Wall® barrier to keep Roomba cleaning where you want it, and out of the areas you don't. As with all Roomba models, Roomba 762e has a spinning side brush to clean along wall edges, is compact enough to navigate under and around furniture, avoids stairs and other drop-offs and will automatically return to its Home Base™ to recharge between cleaning cycles.

### INDUSTRY LEADING PERFORMANCE

- Effectively captures large quantities of dirt, dust, hair, and other debris from all floor types
- Vacuums every section of floor multiple times
- Sophisticated power management software for hundreds of cleaning cycles under proper use

### EASY TO USE

- Cleans under and around furniture, beds, into corners, and along wall edges
- Avoids stairs, obstacles and loose wires
- Works in cluttered rooms without damaging furniture
- Pre-schedule Roomba to clean when it's most convenient for you, up to seven times a week

### A THOROUGH CLEAN

- Effectively finds floor debris in tight spots, even under and around furniture
- Spot Clean Mode performs a quick vacuum of debris confined to a small area, such as spilled cereal or an overturned plant
- Dual HEPA filters capture fine dust and allergens as fine as 0.3 microns

# Roomba® 766p

**Keeps your floors so clean no one will believe you have a pet**

## Thorough Cleaning

Patented 3-Stage  
Cleaning Process

## Easy to Use

Clean your floors with the touch  
of a button or schedule to clean  
while you're not home

## Designed with Pet Owners in Mind

Effectively cleans up after your pet  
while avoiding water and food bowls

## ROOMBA 766p FEATURES

### COVERAGE

Vacuums on its own using iAdapt® Responsive  
Navigation Technology.

Works on carpet, hardwood, tile and linoleum.

HEPA filters trap pet dander, dust particles and  
other allergens.

### CONVENIENCE

Automatically recharges itself between cleanings.

Cleans on a schedule that's convenient for you.

Perfect for homes with pets.

## Ideal for pet owners who desire clean floors every day with just the touch of a button.

Roomba® 766p features a patented 3-stage cleaning process with counter-rotating brushes and a powerful vacuum to remove dirt, dust, pet hair and other debris from your floors while dual HEPA filters keep your home's air free from fine particles, pet dander and other allergens.

With Roomba 766p, it's so easy to clean up after your pet that you'll do it more often. Just press the CLEAN button and iRobot's iAdapt® Responsive Navigation Technology enables Roomba to find its way around the room, ensuring every area is covered multiple times for a complete clean.

Roomba 766p also comes with a Virtual Wall® to keep Roomba cleaning where you want it, and out of the areas you don't, as well as a Virtual Wall® Halo™ which sets up a protective zone to guide Roomba around your pet's food and water bowls, leaving their contents intact. As with all Roomba models, Roomba 766p has a spinning side brush to clean along wall edges, is compact enough to navigate under and around furniture, avoids stairs and other drop-offs and will automatically return to its Home Base™ to recharge between cleaning cycles.

### INDUSTRY LEADING PERFORMANCE

- Effectively captures large quantities of dirt, dust, pet hair, cat litter, pet dander, and other debris from all floor types
- Vacuums every section of floor multiple times
- Sophisticated power management software for hundreds of cleaning cycles under proper use

### EASY TO USE

- Cleans under and around furniture, beds, into corners, and along wall edges
- Avoids stairs, obstacles and loose wires
- Works in cluttered rooms without damaging furniture
- Pre-schedule Roomba to clean when it's most convenient for you, up to seven times a week

### DESIGNED WITH PET OWNERS IN MIND

- Effectively finds pet hair, dander, cat litter and other debris in tight spots, even under and around furniture
- Virtual Wall Halo guides Roomba around your pet's food and water bowls
- Spot Clean Mode performs a quick vacuum of debris confined to a small area, such as dirty footprints or an overturned plant
- Dual HEPA filters capture pet dander, dust, and allergens as fine as 0.3 microns

# Roomba® 774

**iRobot®**  
Roomba®  
Vacuum Cleaning Robot

The advanced Roomba, for a deeper, more concentrated clean.

## Thorough Cleaning

Patented 3-Stage  
Cleaning Process

## Easy to Use

Clean your floors with the touch  
of a button or schedule to clean  
while you're not home

## Full Suite of Sensors

Vacuums on its own  
using iAdapt® Responsive  
Navigation Technology

## Roomba 774 Features

Navigates under and around furniture and through  
loose cords without damaging household objects.

Works on hard floors and carpets.

Cleans along wall edges using a spinning  
side brush for the most thorough floor coverage.

Cleans on a schedule that's convenient for you.

Avoids stairs and other drop-offs.

HEPA filters trap pet dander, dust particles and  
other allergens.

Automatically charges itself between cleanings.

Detects the finest particles and concentrates  
cleaning using persistent pass.

Detects dirtier areas and cleans them more intensely.

## A focused, thorough clean at the touch of a button, every day.

Roomba® 774 features a patented 3-stage cleaning process with counter-rotating brushes and a powerful vacuum to remove dirt, dust, hair and other debris from your floors while dual HEPA filters keep your home's air free from fine dust and other allergens.

Roomba 774 is simple to use – just press CLEAN and iRobot's iAdapt® Responsive Navigation Technology enables Roomba to find its way around the room, ensuring every area is covered for a complete clean. Roomba 774 is also equipped with Dirt Detect™ Series 2 which uses optical and acoustic sensors to focus on areas with a higher concentration of debris to ensure no debris is left behind.

As with all Roomba models, Roomba 774 has a spinning side brush to clean along wall edges, is compact enough to navigate under and around furniture, avoids stairs and other drop-offs and will automatically return to its Home Base™ to recharge between cleaning cycles.

### INDUSTRY LEADING PERFORMANCE

- Effectively captures large quantities of dirt, dust, hair, and other debris from all floor types
- Senses areas with higher concentrations of debris for a deeper clean where it's needed most

### EASY TO USE

- Cleans under and around furniture, beds, into corners, and along wall edges
- Avoids stairs, obstacles and loose wires
- Works in cluttered rooms without damaging furniture
- Pre-schedule Roomba to clean when it's most convenient for you, up to seven times a week

### A THOROUGH CLEAN

- Effectively finds floor debris in tight spots, even under and around furniture
- Spot Clean Mode performs a quick vacuum of debris confined to a small area, such as spilled cereal or an overturned plant
- Dual HEPA filters capture fine dust and allergens as fine as 0.3 microns

Vacuum Cleaning Robot

# Roomba® 871

## FEATURING AEROFORCE™ PERFORMANCE CLEANING SYSTEM

Delivering up to 50% more cleaning performance

### Tangle-Free AeroForce™ Extractors

Counter-rotating extractors break down debris and lift dirt while the brushless design is virtually maintenance free.

### Airflow Accelerator

Concentrates airflow through a sealed channel to multiply vacuum power.

### High-Efficiency Vacuum

Custom engineered to maximise the vacuum power for optimised robotic efficiency.

## ROOMBA 871 FEATURES

### COVERAGE

Vacuums on its own using iAdapt® Responsive Navigation Technology.

Makes multiple passes of every section of your floor.

Cleans along wall edges using a spinning side brush for the most thorough floor coverage.

Navigates under and around furniture and through loose cords without damaging household objects.

Avoids stairs and other drop-offs.

Optically and acoustically detects dirtier areas and cleans them more intensely.

### CONVENIENCE

AeroForce™ Extractors eliminate the hassle of hair-tangled brushes.

Automatically charges itself between cleanings.

Cleans on a schedule that's convenient for you.

Works on all floor types.

**iRobot® Roomba® 871 is the ultimate high performance robot vacuum cleaner. Featuring the revolutionary new AeroForce™ Performance Cleaning System and AeroForce™ Extractors, it's proven to remove up to 50% more dirt, dust, hair and debris from all floor types with less maintenance hassle.**

Vacuuming couldn't be easier than with Roomba 871. Just press "Clean" and Roomba gets on with the hard work. It finds its way around effortlessly, avoids obstacles, vacuums under furnishings and effectively cleans every area, covering the floor multiple times and focusing extra cleaning energy where it's needed most.

Roomba 871 is ideal for allergy sufferers and pet owners and it's also virtually maintenance-free. You don't even need to be at home to do the cleaning! Simply set up the schedule and you can go out and do far more enjoyable things, then come home to beautifully clean floors.

### NEW AEROFORCE™ PERFORMANCE CLEANING SYSTEM

- Revolutionary new cleaning system delivers maximum cleaning performance through the ideal balance of vacuum suction and debris extraction.
- Counter-rotating **Tangle-Free AeroForce™ Extractors** break down debris and lift dirt while the brushless design is virtually maintenance free.
- The **Airflow Accelerator** concentrates airflow through a sealed channel to multiply vacuum power.
- The **High-Efficiency Vacuum** is custom-engineered to maximise the vacuum power for optimised robotic cleaning efficiency.

### ROOMBA 871 OUT-CLEANS THE COMPETITION

- 5x more powerful vacuum than previous Roomba models.
- Vacuums every section of floor multiple times.
- Detects dirt and debris and concentrates extra cleaning effort where it's needed most.
- Manoeuvres under and around furniture, beds and curtains.
- Cleans along wall edges.
- Avoids stairs, obstacles and loose wires.
- Works in cluttered rooms without damaging furniture or fragile objects.

### LESS MAINTENANCE HASSLE

- Tangle-Free AeroForce™ Extractors virtually eliminate the hassle of hair clogs and jams and are faster to clean than vacuum brushes.
- Less frequent maintenance and cleaning of the robot.
- Longer lasting component parts.
- Requires no tools for maintenance.
- New iRobot XLife™ Battery delivers twice as many cleaning cycles as previous Roomba batteries, doubling the time before a replacement battery may be needed.\*

\*Roomba runtime remains the same between recharges. Battery lifetime varies with usage and home environment. Use Roomba as directed for longest battery life.

# Roomba® 876

**iRobot®**  
Roomba®  
Vacuum Cleaning Robot

Revolutionary cleaning performance and less maintenance.

## Thorough Cleaning

AeroForce™ Three-stage Cleaning System uses patented debris extractors to clean the floor more effectively

## Easy to Use

Just press "Clean" or schedule to clean while you're not home

## Full Suite of Sensors

Vacuums on its own using iAdapt® Responsive Navigation Technology

## Roomba 876 Features

Navigates under and around furniture.

Works on hard floors and carpets.

Cleans along wall edges using a spinning side brush for the most thorough floor coverage.

Cleans on a schedule that's convenient for you.

Avoids stairs and other drop-offs.

HEPA filter traps pet dander, dust particles and other allergens.

Automatically charges itself between cleanings.

Detects the finest particles and concentrates cleaning using persistent pass.

Detects dirtier areas and cleans them more intensely.

AeroForce™ Extractors eliminate the hassle of hair-tangled brushes.

## A focused, thorough clean that's perfect for homes with pets, every day.

iRobot® Roomba® 800 Series Robots are the ultimate high performance robot vacuum cleaners. This Roomba 876 model features the revolutionary AeroForce™ Three-stage Cleaning System and AeroForce™ Extractors and is proven to remove up to 50% more dirt, dust, hair and debris from all floor types with less maintenance hassle.

Vacuuming couldn't be easier than with Roomba 876. Just press "Clean" and Roomba gets on with the hard work. It finds its way around effortlessly, avoids obstacles, vacuums under furnishings and effectively cleans every area, covering the floor and focusing extra cleaning energy where it's needed most.

Roomba 876 is ideal for allergy sufferers and pet owners and it's also virtually maintenance-free. You don't even need to be at home to do the cleaning! Simply set up the schedule and you can go out and then come home to beautifully clean floors.

### SMART – ROOMBA 876 OUT-CLEANS THE COMPETITION

- Vacuums every section of floor.
- Detects dirt and debris and concentrates extra cleaning effort where it's needed most.
- Manoeuvres under and around furniture, beds and curtains.
- Cleans along wall edges.
- Avoids stairs and obstacles.
- Works in cluttered rooms without damaging furniture or fragile objects.
- Has a full bin indicator to let you know when the bin needs to be emptied.

### SIMPLE – LESS MAINTENANCE HASSLE

- Tangle-Free AeroForce™ Extractors virtually eliminate the hassle of hair clogs and jams and are faster to clean than vacuum brushes.
- Less frequent maintenance and cleaning of the robot.
- iRobot XLife™ Battery delivers twice as many cleaning cycles as previous Roomba batteries, doubling the time before a replacement battery may be needed.\*

### CLEAN – AEROFORCE™ THREE-STAGE CLEANING SYSTEM

- Revolutionary cleaning system delivers maximum cleaning performance to remove up to 50% more dirt, dust, hair and debris from all floor types.
- Tangle-Free AeroForce™ Extractors break down debris and lift dirt while the brushless design is virtually maintenance free.
- The Airflow Accelerator concentrates airflow to multiply vacuum power.
- The High-Efficiency Vacuum maximises the vacuum power for optimised cleaning efficiency.
- 5x more powerful vacuum than previous Roomba models.

\*Roomba runtime remains the same between recharges. Battery lifetime varies with usage and home environment. Use Roomba as directed for longest battery life.

# Roomba® 615

**iRobot®**  
Roomba®  
Vacuum Cleaning Robot

The standard-setting Roomba for a thorough clean, every day.

#### Thorough Cleaning

Patented 3-Stage  
Cleaning Process

#### Easy to Use

Clean your floors with  
the touch of a button

#### Full Suite of Sensors

Vacuums on its own  
using iAdapt® Responsive  
Navigation Technology

## Roomba 615 Features

Navigates under and around furniture and through loose cords without damaging household objects.

Automatically charges itself between cleanings.

Cleans along wall edges using a spinning side brush for the most thorough floor coverage.

Works on hard floors and carpets.

Avoids stairs and other drop-offs.

## Remove dirt, debris and hair from hard floors and carpets at the touch of a button, every day.

Roomba® 615 features a patented 3-stage cleaning process with counter-rotating brushes and a powerful vacuum to remove dirt, dust, hair and other debris from your floors.

Roomba 615 is simple to use – just press CLEAN and iRobot's iAdapt® Responsive Navigation Technology enables Roomba to find its way around the room, ensuring every area is covered for a complete clean.

As with all Roomba models, Roomba 615 has a spinning side brush to clean along wall edges, is compact enough to navigate under and around furniture, avoids stairs and other drop-offs and will automatically return to its Home Base™ to recharge between cleaning cycles.

### INDUSTRY LEADING PERFORMANCE

- Effectively captures large quantities of dirt, dust, hair, and other debris from all floor types
- Vacuums every section of floor

### EASY TO USE

- Cleans under and around furniture, beds, into corners, and along wall edges
- Avoids stairs, obstacles and loose wires
- Works in cluttered rooms without damaging furniture

### A THOROUGH CLEAN

- Effectively finds floor debris in tight spots, even under and around furniture
- Spot Clean Mode performs a quick vacuum of debris confined to a small area, such as spilled cereal or an overturned plant
- New iRobot Battery with XLife formulation delivers twice as many cleaning cycles as previous Roomba batteries, doubling the time before a replacement battery may be needed\*

\*Roomba runtime remains the same between recharges. Battery lifetime varies with usage and home environment. Use Roomba as directed for longest battery life.
